Genesis 1-10 Treasure Review

CH.	KEY SCRIPTURES	WHAT WE LEARNED	TREASURE TO CARRY
1	Genesis 1:1; 1:26-31	God is the Source. He creates by His word, brings order, defines what is good, and gives humanity identity and stewardship.	God designed before distortion. Identity comes before assignment.
2	Genesis 2:7-18; 2:15-17	God gives purpose, relationship, responsibility, rest, and boundaries before sin enters.	Work existed before the fall; work itself is not the curse. Truth comes before testing.
3	Genesis 3:1-5; 3:7-21	Drift begins by distrusting God's Word and character. Sin produces shame, hiding, fear, blame, and consequence - yet God moves toward humanity in grace.	Sin begins with distrust before visible disobedience. God seeks, promises, and covers.
4	Genesis 4:6-7	God warns Cain before the outward act. Sin is already working at the door of the heart.	God's warning is itself an act of grace.
5	Genesis 5:21-24	The chapter repeats death, but Enoch stands out because he lived in fellowship with God.	You do not need a perfect environment to live faithfully with God.
6	Genesis 6:5-9; 6:11-13	The culture is corrupt and violent, yet Noah finds favor with God and remains faithful.	Grace appears before the storm. God does not require a righteous culture before He calls us to faithfulness.
7	Genesis 7:2-3; 7:16	Noah obeys, and the LORD shuts him in. God provides what will be needed for preservation and later worship.	Sometimes the closed door is protection. God can provide today for worship you have not offered yet.
8	Genesis 8:1; 8:15-20	God remembers Noah, stops the source of the flood, leads restoration in stages, and Noah responds with worship.	God may stop the source today while restoration takes time. Dry ground is not automatically divine direction. Deliverance should produce worship.
9	Genesis 9:1-17; 9:20-21	God renews human responsibility, protects the value of life, establishes covenant, and gives the rainbow as a sign of His promise.	Every rainbow quietly preaches: God keeps His promises. The flood changed the world; it did not change the human heart.
10	Genesis 10:5; 10:20; 10:31-32	Families, languages, lands, and nations spread across the earth under God's sovereign ordering.	Our identity matters, but it must never become pride. Nations are not outside God's authority.

TREASURE CHEST — WHAT HAVE WE LEARNED ABOUT GOD?

God is Creator, sovereign, personal, purposeful, just, gracious, patient, preserving, covenant-keeping, and faithful. He speaks before the test, warns before consequence, provides in the storm, remembers His people, and keeps His promises.
