

JNU GLACIER HWY IMPROVEMENTS (LEMON CREEK AREA)

**JUNE 2021
CONSTRUCTION**

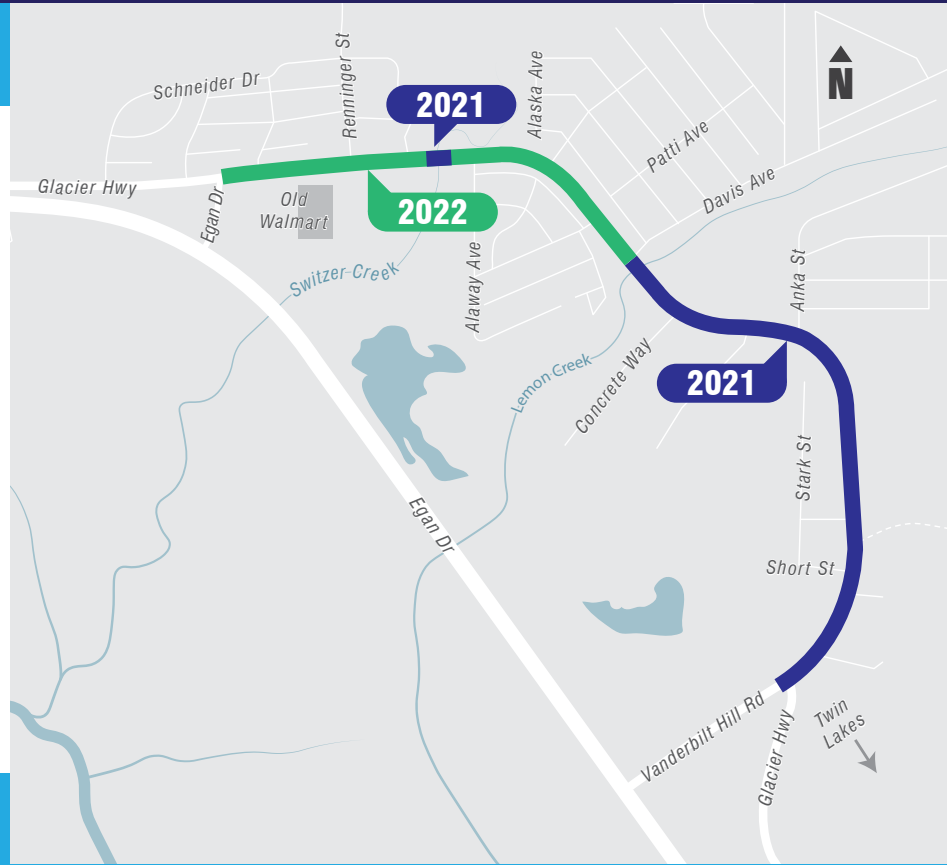

PROJECT DESCRIPTION

Throughout June the project work zone will be between Vanderbilt Hill Road and Anka Street and at Switzer Creek to install culvert lining.

Vehicles will see shoulder work, lane shifts, and towards the end of June there may be paving.

Pedestrians and bicyclists will have sidewalk access through work areas or will be escorted around equipment.

WORKZONE REMINDERS

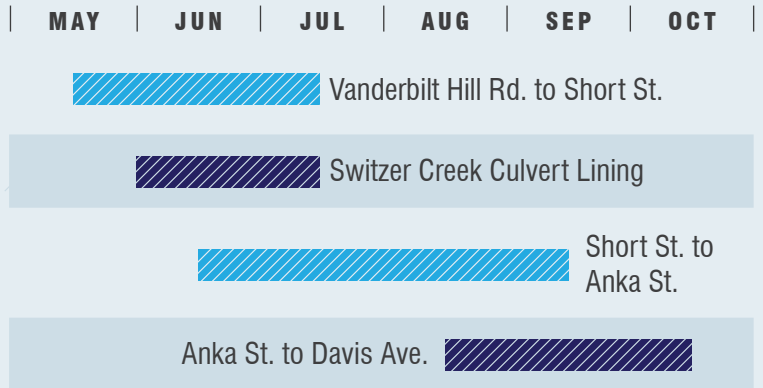

Expect slight delays in the flow of traffic and look for sidewalk detours for pedestrians and bicyclists. The construction contractor, Secon, will work to accommodate all road users. Traffic conditions and the construction schedule will be updated regularly on the project website.

As a reminder: Please use caution when traveling in work zones. Watch for and follow direction from construction signs and flaggers when present throughout the construction zone.

Visit the project website for more details.

ESTIMATED SCHEDULE
