

JNU GLACIER HWY IMPROVEMENTS (LEMON CREEK AREA)

MAY 2022
CONSTRUCTION

PROJECT DESCRIPTION

Throughout May, curbs, sidewalks, and storm drains will be installed along the seaward side of the road from Anka Street to Renninger Street. The Lemon Creek bridge will undergo guardrail work. Temporary railings and cones will surround construction areas, narrowing the road lanes.

Chatham Electric will be working on the traffic signals at the Davis Avenue and Anka Street intersections. Electrical and storm drain road crossings will also be installed. These construction activities will require single-lane traffic and delays at times.

Please drive carefully and consider alternate routes. Construction operations will shut down for Memorial Day weekend from May 27 to May 30.

WORKZONE REMINDERS

Motorists should expect slight delays in the flow of traffic. Pedestrians and bicyclists should look for sidewalk detours. The construction contractor, Secon, will work to accommodate all road users. Traffic conditions and the construction schedule will be updated regularly on the project website.

As a reminder: Please use caution when traveling in work zones. Watch for and follow direction from construction signs and flaggers when present throughout the construction zone.

Visit the project website for more details.

PROJECT TIMELINE

- **Vanderbilt Hill Road to Anka Street**
- **Anka Street to Glacier Highway Access Road**
(near the old Walmart)

**VIRTUAL PROJECT
