

# JNU GLACIER HWY IMPROVEMENTS (LEMON CREEK AREA)

SEPTEMBER 2021  
CONSTRUCTION

## PROJECT DESCRIPTION

Throughout September the project work zone will be between Vanderbilt Hill Road and Anka Street. There will be milling and paving on the curbs, sidewalk, and on the road from Vanderbilt Hill Road to Anka Street. Vehicles will see shoulder work, lane shifts and flagging operations. Occasionally there will be one lane traffic.

Please bear with us. Night work between the hours of 7pm and 7am is anticipated for portions of the project to minimize traffic delays. This is to complete the paving activities mentioned above. Pedestrians and bicyclists will have sidewalk access through work areas or will be escorted around equipment.

## WORKZONE REMINDERS

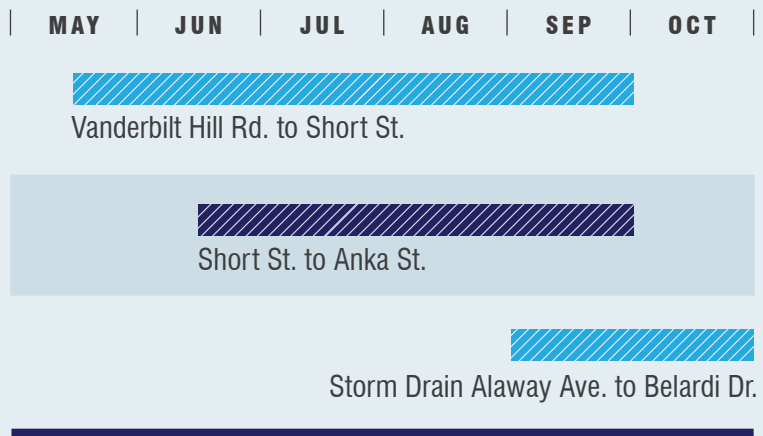

Motorists should expect slight delays in the flow of traffic. Pedestrians and bicyclists should look for sidewalk detours. The construction contractor, Secon, will work to accommodate all road users. Traffic conditions and the construction schedule will be updated regularly on the project website.

**As a reminder:** Please use caution when traveling in work zones. Watch for and follow direction from construction signs and flaggers when present throughout the construction zone.

*Visit the project website for more details.*

## ESTIMATED SCHEDULE

## VIRTUAL PROJECT OFFICE INFORMATION

**Marella Gungob**  
Public Information Coordinator
