STAFF DEVELOPMENT

WHY IS EDUCATOR DEVELOPMENT IMPORTANT?

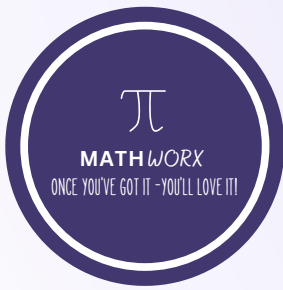

Professional development for teachers is self-directed or directed programs and activities designed to expand and enhance teacher knowledge, skills, and expertise in their teaching practice.

The aim of our teacher development programmes are to empower educators in today's schooling climate, to increase their skill set and share mechanisms and techniques they can use to better themselves and in turn better their professional behaviours and outlook.

Learning, upskilling and skill sharing are areas of a teachers career that should not be neglected; the best teachers in the world are continually learning and evolving in their careers. A team of confident, enthusiastic and motivated teachers is a school's biggest asset. Our development and enrichment programmes will support your educators to realise and implement their full potential.

Help your teachers stay ahead of the curve in the ever-changing teaching landscape, our development programmes are designed for new teachers and well-seasoned experienced teachers. The more equipped your teachers and educators are, the more efficient they are and therefore have more time to nurture students.

Change your school's trajectory today!

OUR PROGRAMMES

ASSESSORS WORKSHOP

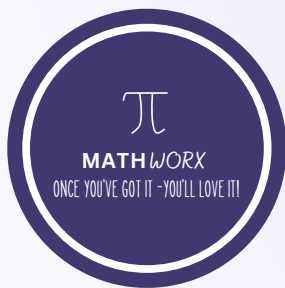

PRICE : R 1000.00 **Duration** 5 Hours

An intensive, interactive online course that all teachers will benefit from. Whether you are a newly qualified teacher, or an experienced veteran, you will walk away from this course with skills that will empower you to create assessments that will be fair, valid and reliable.

The 3 comprehensive modules will take you through the process of defining, selecting, designing, collecting, analyzing and interpreting assessments. The workshop is applicable to Grades 4-12, all subjects, and the CAPS and IEB curricula. Collaboration and group work between participants is encouraged as teachers share their experience and expertise throughout the course content.

To wrap up, the workshop focuses on how to use the information gained from the students assessment to increase their learning by streamlining the teaching process going forward. This 5 hour online course is an intensive learning session interspersed with relevant discussion topics that is sure to elevate your schools assessment program.

OUR PROGRAMMES

MODERATORS WORKSHOP

PRICE : R 600.00
Duration 3 Hours

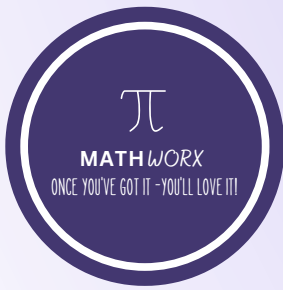

A 3 hour online Moderation workshop that will best position teachers to understand the importance of a shared understanding of the curriculum level related to students' achievements and progress.

We aim to highlight the importance of collaboration between teachers in setting an assessment that will serve as a benchmark for the students, thus enabling teachers to better evaluate the performance of their students throughout the year. This workshop has 3 modules focussing on pre and post moderation.

The final module is a practical application where the participants are required to practice the skills they have learnt by post moderating a relevant exam paper and memo. Group work and collaborative learning is central to this workshop as teachers share their expertise and experience.

This workshop is designed for teachers from Grade 4-12, across all subjects and the CAPS and IEB curricula.

OUR PROGRAMMES

QUALITY ASSURANCE

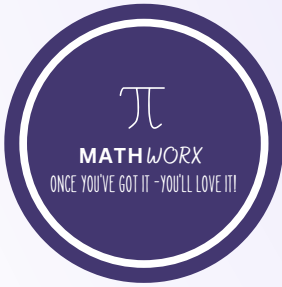

PRICE :
R 400.00

Duration
120 min

The 2 hour Quality Assurance online workshop will train and empower your management team to implement quality assurance management across your teaching staff in order ensure that certain quality standards are fulfilled. However, quality assurance is not limited to management; this workshop will also target peer quality assurance.

Peer mentoring is a fundamental part of professional growth, shared knowledge and practice. Targeted and purposeful quality assurance feedback is particularly important to ensure that your teachers develop and perform in line with the curriculum as well as maintaining the schools academic high standards.
