

For those of you who will be reading all of this, I am sorry, it is long. My wife, Kim and I have taken lots of time to correctly state our position, to clear our name, and to correctly bring TRUTH.

Rachel Hansen was murdered on June 4, 2022.

Rachel always wanted her mom to start a rescue. Kim did so after she died. Sometime in September she committed to do so.

October 8th I started this website while Kim was out of town visiting family in Kansas City.

Kim enlisted Katelyn Beazley to be a part and help.

Kim trusted Katelyn to set things up.

Sadly, that was a mistake.

October 31, 2022 Katelyn set up the rescue with her as “Director” and “President” and Mallory Brown as an “officer”. Other “officers” (“members” she refers to on Facebook) were added January 24, 2023, right as all of this was transpiring.

Kim, the founder and owner of the rescue, is not listed at all. Fraudulently.

Each and every single one of you know this rescue was inspired by Rachel and founded by Kim.

Included on this web page are:

- 1)A response to the statement published on the Facebook page that I have broken down and responded to in detail.
- 2)A copy of the Arizona Corporation Commission.
- 3)The police report from when they came to our home trying to take pups away.

There is a lot here. I may add to the web page later as there is much more to say... but for now thank you for reading and finding the truth.
