Dear sir /madam

Subject: Request for donations for School building

I am Aime kalangwa, the **Founder of The Future is Today**. The purpose of this letter is to request financial assistance towards our school building project. We have initiated a project to construct more classrooms as we plan to expand the orphan's refugee enrollment in the coming year.

According to our Object, we certified to have Primary school from primary 1 through to primary 6. By the moment, we can only afford to have 3 classrooms for primary 1 to primary 3. So, when the children finished primary 3, they do not have more options to finish Primary School. In addition to that, in order to keep our certificate updated, we required by Rwanda's nonprofit organization board to have to the rest of the classroom by the end of this year.

Our goals are to improve the learning environment for our orphans. Your donation will go a long way in ensuring that we achieve our goal of completing the building in time. We promise to embrace transparency in all transactions and details of how the donations were used will be made available at every stage. Be part of us as we endeavor to create a favorable learning environment for our future generation.

We will like to start the construction as soon as we
Remember our main goal is to make sure each child has access to Education and wellbeing.

Our doors are open for any suggestions or queries.

Thank you as you plan to support our future generation.

Remember, we provide tax-deductible as needed.

Yours faithfully,

Aime Kalangwa
