

Dance Express of Tolland Audition Results 2026

Congratulations, everyone, on a wonderful tryout! We know how much you all love dance and how dedicated you are to becoming the best dancers you can be.

Consistent class attendance is extremely important for each dancer's development and progress. Every class provides valuable instruction, technique training, and opportunities for growth. When dancers miss classes—regardless of the reason—they miss out on important learning experiences that can impact their development and overall progress.

As we move forward into the new season, please keep the importance of attendance in mind. Your commitment to being present and engaged in class will help you reach your full potential and contribute to the success of the entire team.

It is also important to remember that every dancer progresses at their own pace. Growth and development look different for everyone. Sometimes you may be one of the oldest dancers in a class, and other times you may be one of the youngest. Needing an additional year to develop skills, confidence, and technique is completely okay. Our goal is to see each dancer where they will be challenged, supported, and given the best opportunity to succeed and continue growing.

During the break, please do not contact any teachers or Dance Express directly. If you have questions or would like to speak with a teacher, you may email the studio beginning on June 22. Please be mindful that summer intensives are not an appropriate time to have individual conversations with teachers or Miss Beth regarding placements or evaluations. If needed, we will schedule appointments to meet and discuss any concerns together.

For those who made a HIP HOP team and that is your only competition team, please be sure to register for our Hip Hop intensive camp. All other competing teams and company members are required to attend one summer intensive week. If it is not possible to attend one of DE's intensives, we encourage you to attend a summer intensive outside of DE. [Information can be found on our website.](#)

**All callbacks (CB) will be done on the first day of each perspective class.*

1st Company

Haileigh Noonan
Kaylee Wang
Mia Murphy
Thames Zaushny
Olivia Krol
