

Harmonize for WholeOCRACY Track

Thursday, December 4, 2025: [Day of Innovation](#)

Overview: Unite and thrive in a system of systems, where individual growth fuels collective excellence, and collective excellence elevates every single person. JOIN THE MOVEMENT. Community-based participants will share their experiences in **uniting** government and people as “One System” – a WholeOCRACY for the benefit of all.

Key Features:

- **Interactive Learning:** Engaging workshops, facilitated discussions, and group activities...the heart of the soul and a safe place to challenge, build, transform and thrive.
- **Community Focus:** Emphasis on applying “Why” to create positive change in local communities.
- **Collaborative Approach:** Teamwork, peer learning, and knowledge sharing are central to the track.
- **Real-World Application:** Participants will develop and implement community projects.
- **Ongoing Support:** Access to mentors, resources, and a network of like-minded individuals.

Cost: This is a **FREE** Event. **Save your seat:** [REGISTER TODAY](#)

Who Should Attend:

- Government and Community members passionate about making a difference.
- Individuals seeking to connect their personal purpose with professional and community impact.
- Leaders and volunteers in Government Service and community organizations.
- Anyone interested in collaborative innovation and problem-solving uniting Government and community development.

A Closing Thought:

In today's world, we often focus on external transformation, but true change comes from within. Cohort 2025 is a make-over from the inside out, where by 2026, you will have shifted the YOU that greets the world! **Let's build thriving communities (Government and People together!)** **Contact us to learn more and register for the "Me, You, Us" Cohort 2025 Curriculum.**
