

JOIN THE MOVEMENT:

A Day of Innovation for a California for All—[REGISTER TODAY!](#)

Date: December 4, 2025

Location: Zoom

Time: 9 AM–5:00 PM

Cost: **FREE** (Registration Required)

This is more than an event; it is a declaration. It is a gathering of the architects of the future—government leaders, community advocates, artists, innovators, and changemakers—who believe a better world is not only possible but is already being built.

On this day, we celebrate the “Me, You, Us” cohort by showcasing a new model for change: a **WholeOcracy** in action. We will demonstrate how California is creating a replicable playbook for the nation, proving that when we unite the **“human system”** with the **“technology system,”** we become an unstoppable force for good.

Our diversity is our North Star, guiding us as we weave together every thread of our community into a single, powerful tapestry of innovation.

A Journey Through Our System of Systems

Experience the story of a California that is rising, from the inside out.

This is the blueprint of our journey, a symphony of voices

where each initiative builds upon the last.

A Community-First Commitment: Where Change Begins

The Heart of Hope & Redemption: The Voice of Community Our journey was ignited by the foundational belief that change starts with hope. Through a powerful memoir of lived experience and soul-feeding music, we amplified the voices of the community, proving that every single story has the power to inspire and unite us.

The Spark of Genius: The Voice of the Future

We then unleashed the pure creativity of 4th-6th graders in our **Ready, Start, ART!** program. This initiative cultivated the confident voices of the next generation, reminding us all that we are born with an innate genius waiting to be expressed.

The Mission to Serve: A Purpose-Driven Government

CalLearns Just Ask Why...Building the Mission to Serve: The Voice of Leadership Inspired by their power of purpose, leaders from across state government forged their personal and organization missions to serve. In a series of dynamic, "TED Talk style" Just Ask Why presentations, they will take the stage to share the profound personal "Why" that commands their commitment to leading, mentoring, and serving the people of California.

The Tools of Tomorrow: The Voice of the User

This purpose was then mobilized. We will unveil the groundbreaking **Fuel Agile Systems' Digital Resume prototype**, a revolutionary tool built within the **DMV Wallet**. This is where the skills, verified achievements, and unique "superpowers" of our community are captured and scaled, creating a dynamic network of talent ready to meet any challenge.

The WholeOcracy in Action: A Symphony of Voices

Finally, all these powerful voices converge. The day culminates with a forum of state leaders, community members, and innovators from each initiative unite to forge a single, powerful tapestry of innovation and set a collective vision for the future of California.

This is your invitation to be a part of what's next. Come connect with the leaders, builders, and dreamers who are forging a more agile, responsive, and connected world.

Be inspired. Be engaged. Be the change.
