

Cyber Protección

CAPABILITIES STATEMENT

ABOUT US

Cyber Protección is a certified minority-owned cybersecurity firm delivering cutting-edge cybersecurity and compliance solutions to organizations of all sizes. Our team leverages our professional network and strategic alliances to assess, identify, deploy, and implement risk reduction strategies and regulatory compliance.

We are committed to servicing stakeholders based on a foundation of trust, honesty, and integrity.

PAST PERFORMANCE

Our solutions are endorsed by or deployed globally in banks, insurance carriers, financial institutions, universities and healthcare organizations.

DIFFERENTIATORS

- Modular, machine learning, AI-powered SaaS platform.
- Built on a micro-services architecture.
- Highly scalable and deployed independently.
- Easily integrates with other security solutions.
- Significant operational efficiency and security efficacy.
- Eliminates application sprawl & under-utilized applications.
- Bridges the gap between compliance and security through real-time and continuous evaluation of cybersecurity controls.
- Our data supply chain security allows for continuous monitoring of your supplier's cybersecurity and compliance posture.
- We stop rogue processes. Prevents credential theft, data extortion and ransomware.

CORE COMPETENCIES

- ✓ — **Unified Cyber Resilience Platform**
 - Cyber Protección streamlines cybersecurity and compliance with cutting-edge features in a unified platform with a simplified cost structure.
- ✓ — **Real-time Compliance Attestation**
 - We combine cybersecurity, access management, data supply chain security, 3rd party data risk assessments, and "real-time" compliance automation to ensure the security, confidentiality, integrity and availability of an organizations data and information security system.
- ✓ — **Strengthen Cybersecurity Posture**
 - We strengthen an organizations cybersecurity posture while ensuring compliance with necessary regulatory compliance frameworks.

CERTIFICATIONS

- Certified Minority Business Enterprise (FL)
- Some of our solutions are GSA listed
