*Advancing Economic, Educational, and Health Equity
Across Connecticut*

***Welcome to the inaugural Connecticut Cradle to Career (C2C) Coalition
Quarterly Newsletter!***

The [CT C2C Coalition](#) unites five StriveTogether partnerships serving 125,000 children across Bridgeport, Danbury, Norwalk, Stamford, and Waterbury and includes over 440+ organizations and 15 working groups to advance policies that create equitable opportunities for all children and families. We are thankful for the investment from [StriveTogether](#) to help us move the statewide effort forward.

This quarter, we put our values into action—elevating youth, families, and community voices to shape policy. Through the Coalition’s Policy & Advocacy Subcommittee, community representatives and partners co-created our 2025 statewide [policy agenda](#), which was unanimously adopted by Coalition leadership. This milestone reflects our commitment to ensuring those most impacted by policy decisions help drive them.

Our agenda was informed by input from community, local and state research and data, issue-aligned state collaborations, elected and appointed leaders, and the state and federal political climate.

Together with the [United Way of Connecticut, Connecticut Voices for Children](#), and other advocates, we support the creation of a permanent, **fully refundable state Child Tax Credit** to reduce child poverty, drive

Our second priority is to **enhance legislative awareness of youth disconnection factors**, their relation to social determinants of health, and the need for cross-sector collaborations and solutions.

In-person watch parties were hosted in all 5 communities engaging 46 youth and 706 online viewers.

Back on Track: Youth Overcoming Obstacles

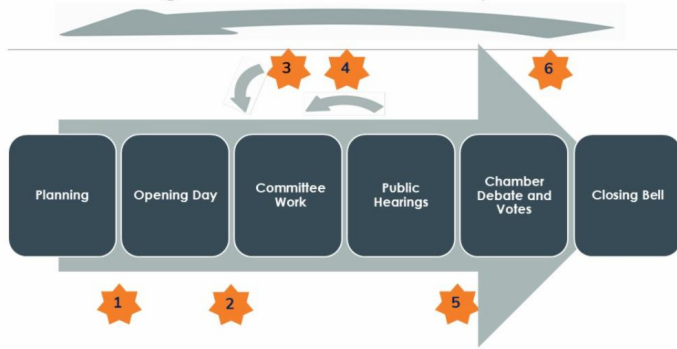

More than 100,000 young people in Connecticut aged 14 to 26 are struggling to find their paths. Many face hardships at home, challenges in school and barriers to stable work, leaving them feeling stuck, alone and disconnected.

United Way of CT's Back on Track [video series](#), including two of our Bridgeport youth, shows what that struggle looks like — and how the right support can change everything. The Campaign for Working CT's Opportunity Youth Initiative is working to ensure these young people have the tools they need to succeed!
