

Nothing is built like a Generac.

Generators are often required to run for hours, days or even weeks at a time. Continuous use can cause a lot of strain on engines not specifically engineered to withstand extended run times. We have developed robust engine solutions to ensure our generators provide the reliability necessary to power through even the most demanding situations.

5-YEAR LIMITED WARRANTY

Included with all home standby generators.

TRUEPOWER™ TECHNOLOGY

Delivers best-in-class power quality with less than 5% total harmonic distortion for clean, smooth operation of sensitive electronics and appliances.

GENERAC'S G-FORCE ENGINE

Purpose-built for the rigors of power generation. It also requires fewer scheduled maintenance checkups than some competitor's engines, and provides the reliability you need for the long run-times that emergency backup can require.

BUILT IN THE USA

Generac generators and engines are engineered and built in the USA*
**Assembled in the USA using domestic and foreign parts.*

24/7/365 CUSTOMER SUPPORT TEAM

Standing by all day, every day from our headquarters in Wisconsin to answer any questions you might have.

PERMANENT POWER

Automatically turns on, providing backup power to your home.

QUIET-TEST™ SELF-TEST MODE

Runs at a lower RPM for a five or twelve minute test, is significantly quieter than other brands, and consumes less fuel.

GENERAC'S EVOLUTION™ CONTROLLER

Featuring a dual-line, multilingual LCD display allowing for easy monitoring of history and maintenance logs and manage your generator.

NO EXTENSION CORDS

Runs on your existing natural gas or LP supply.

ECONOMICAL POWER

Runs on highly efficient, cleaner-burning* Natural Gas or LP Fuel.
**As compared to other fossil fuels.*
