# System Reset Instructions

Used to reset entire bay system in case of fatal malfunction. You can go back to where play left off
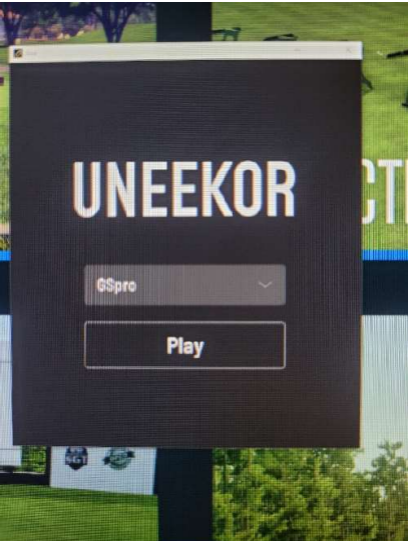

Press the WIN key on the keyboard

Press the reset button on the screen

Be patient, system will restart, wait for this Uneekor screen

To turn into this Uneekor screen

THERE IS A DELAY. After it dings, touch online match on the GSPRO screen. Go back to the course you were playing, touch match settings and check the box Resume Previous, then Play. It will pick up right where you left off with all settings, players and scores as they were.
