

CRISIS ACTION SPECIALISTS, LLC

CAPABILITY STATEMENT

Owner/Manager Colonel (Retired) William Lefevre, 673 E. Bianca Circle, St. Augustine, Florida 32086

SPECIALTIES/COMPETENCIES

CAS specializes in strategic and operational disaster planning, training, and exercise. We use doctrinal methods to include ICS/NIMS, the National Planning System, Army Design Methodology, Military Decision-Making Process, the Strategic Planning Process, and Lien/Six-Sigma.

We have over 30 years of experience at planning, training, and exercise in response to the most complex operations conducted internationally and domestically.

EXPERIENCE

Crisis Action Specialists, LLC | May 2018-Present

Expert consultation in National Incident Management System/Incident Command System, and disaster response and recovery planning, training, and exercise. Supported instructor/ facilitator for response and recovery training to catastrophic disasters on Dept of Defense Installations worldwide. Worked with U.S. Marine Corps Installation 29 Palms, CA to create Response and Recovery strategies for NIMS Core Capabilities. Planned and exercised Medically Fragile Shelters in Lincoln County, Oregon. Uses NIMS/ICS Master Exercise Practitioner doctrine to design and deliver exercises.

Strategic Plans and Policy | | 2009-2018

Promulgated joint strategic plans and authored documents and studies on current and future military strategy. Performed interagency coordination and collaboration to enhance mission accomplishment domestically and foreign. Led strategic planning and assessment efforts for organization vision realization.
