

Damage Assessment

4 Hour Continuing Education Course

Damage Assessment

As Assessing Officers, we play an important part in Emergency Management – the role of Damage Assessment. We are trained and uniquely qualified to be able to determine the degree of damage sustained to a building and estimate the cost of repair. There are many difficulties during a time of natural disaster with possibly the greatest difficulty being the limited amount of time in which to gather and report the estimated damage cost. This course will give background as to the importance of our role, the data and format required by the State of Michigan or Federal Government, and how to prepare for these disasters BEFORE they happen.

Date: Monday, September 16, 2024
9:00 am – 1:00 pm

Location: Oakland County Executive Office Building
East & West Rooms, Conference Center
2100 Pontiac Lake Rd., Waterford, MI 48328

Cost: \$40 for Members
\$45 for Non-Members

Any course materials will be emailed prior to class.

Matthew Dingman

Matt has over 33 years in the field of Assessment Administration including the last fourteen years as the City Assessor for Farmington Hills. He is a certified Michigan Master Assessing Officer (MMAO) and IAAO Assessment Administration Specialist (AAS). In addition to teaching several courses, Matt has had eight articles published by the Michigan Assessor Magazine on various appraisal topics and was awarded the 2015 Literary Award by the Michigan Assessor’s Association.
