

SWLA TECH PIRATES

Ahoy, Potential Sponsor!

Set your sights on the horizon and imagine a crew of young and enthusiastic tech pirates, sailing the vast seas of STEM, navigating the waves of innovation, and steering the future towards limitless possibilities. This, kind-hearted sponsor, is the grand vision of **Team 8808**, the **SWLA Tech Pirates**.

Our mission, you ask? To mold and shape the young minds of the Region 5 Community, spanning across Calcasieu, Cameron, Beauregard, Allen, and Jefferson Davis Parishes. By providing high school students from public, private, and homeschool backgrounds a safe haven to explore the wonders of science, technology, engineering, and math, we hoist the flag for an enriched and progressive STEM education. Our ship is not just about building robots; it's about building the future – teaching our crew collaboration, leadership, and ingenuity.

Yet every ship needs its sails, its compass, and its trusty crew. Here's where you come aboard. Your sponsorship will aid in securing crucial equipment such as tools, CNC tables, 3D Printers, electrical gear, specialized computer parts, and sturdy aluminum building materials. Furthermore, it'll assist with entry fees, travel expenses, and other essentials, ensuring our team's continuous participation in FIRST events.

Now, I hear ye wonder, "Why should I set sail with the Tech Pirates?" In just our budding years, we've garnered commendable accomplishments, such as the **Rookie Inspiration Award** and **Quality Award** as well as a strong presence at the **Magnolia Regional** and **Bayou Regional** events. Not to mention, we've established our mark by ranking within the top 26% in the world and number 6 in the state of Louisiana! We don't merely compete; we inspire, innovate, and influence. Remember, no member of our crew stands alone; together we sail, united by our passion for STEM.

But our journey doesn't end here. With **FIRST**, an organization esteemed for instilling the values of Gracious Professionalism and Coopertition, we are part of a global endeavor to reshape the world, ensuring a brighter, more technologically advanced future for all.

By joining hands with the SWLA Tech Pirates, not only will you be assisting a dedicated crew, but you'll also receive special benefits tailored to your generous contribution.

So, hearty sponsor, are you ready to embark on this thrilling adventure with us? Let us set sail together on this voyage to shape the future and discover uncharted territories in the world of STEM. We promise it'll be a journey worth taking!

Yours in swashbuckling spirit,
SWLA Tech Pirates - Team 8808

P.S. Just as a pirate treasures their gold, we treasure your support!

SWLA TECH PIRATES

SWLA Tech Pirates Sponsorship Levels: Chart a Course to Our Treasured Partnership

Bronze Buccaneer - Tier 1 (\$499 or less):

- **Website:** Your logo and web page link anchored on our sponsorship page.
