Carmen F. Goldberg understands the frustration that people feel, when they are in need of rapidly moving from an old residence to a new residence, or when a son or daughter needs to move their beloved parent from one senior care facility to another quickly and they cannot seem to find movers to help facilitate the transporting of their personal belongings with sensitivity, patience, speed and tender loving care. This can prove stressful for families and the staff at the senior residences. When she arrived in Cumming, she went through a move herself and found it difficult finding moving companies that would do reasonably priced small moves. Having honed moving skills in corporate America, Carmen is seasoned on the importance of expediting moves with ease and as little stress as possible.

Taking into consideration the needs of the community here in Northern Georgia, Carmen formed TCB Truckers with her partner Dario, on August 2023, under the TCB Home Builders Corporation, which is in Cumming, GA. Realizing that there is a need for small moving companies in Northern Georgia, her trucking business specializes in small house, office moves and moving residents of senior living care apartments to new residences and much more.

Prior to starting TCB Truckers, Carmen Goldberg worked in Corporate America for various corporations such as the Associated Press where she acted as a liaison between the Vice President and the Chiefs of Bureaus and Correspondents all over the world. She later went to work at Price Waterhouse Coopers, LLC (where she worked for eleven years as Telecommunications Coordinator and Supervisor, serving as programmer, moving, adding, and changing of telecommunications at the National Office in New York City), Goldman Sachs doing cut-overs of old telecommunications systems to new digital technology at their Headquarters location, Lazard in New York City as a contractor, as a Market Data ID Coordinator, tracking, inventorying and revoking lost unused market data ID feeds, which saved the company \$1 million and as a result was hired and promoted to work at the Lazard Global Information Help Desk, as a Technology Analyst.

In 2004, Carmen decided that she was ready to leave technology to pursue a more creative career path and began doing television and silver screen work, working in 7 feature films and numerous TV shows, such as Law and Order, Law and Order SVU and The Sopranos. Carmen also performed and toured as a recording artist and soloist with Grammy Award winning Brooklyn Tabernacle Choir and continues to enjoy her love of singing now that she lives in Georgia. Carmen is also member of the Screen Actors Guild (SAG-AFTRA) Union and is also a member of the Forsyth County Women's Club, which meets at the Polo Club, in Cumming, GA. She currently resides with her partner in Forsyth County, GA.

TCB Truckers helped me with my move to Georgia from California. This was a difficult move for me but they ensure all my belongings arrived in great condition and with great care! I will hire again.

Many accolades to the crew that moved my mother from one assisted living facility to another. They were kind and gentle with her belongings and truly engaged in the entire process. I will be calling TCB Truckers for my next move. The price they quoted was below the other quotes I received and they did not try to up sell me on any other services. Nice job guys!!

Comment by Carmen G. of TCB TRUCKERS:

Thank you Allen for the great review. The pleasure was all ours.
