SOLUTIONS

Term Life Insurance

Term insurance is a life insurance product, which offers financial coverage to the policyholder for a specific time period. In case of death of the insured individual during the policy term, the death benefit is paid by the company to the beneficiary.

Income Replacement

Income Replacement ensures peace of mind and financial stability for policyholders during challenging times when their ability to earn an income is affected by providing a safety net to safeguard against financial hardships caused by illness or injury.

Mortgage Protection

With Mortgage Protection in place, property owners can have peace of mind knowing that their valuable assets are protected, and they can recover from unforeseen events without bearing the entire financial burden.

Living Benefits

Provides Accelerated Benefits Rider protection to policy owners while you are living if you experience a qualifying terminal, chronic, critical illness or critical injury.
