FAQ:

- Whichever cut option selected, whether 1, 2 or 3—the steaks, roasts, ribs and other favorite cuts directly beneath each option reflect the cuts that will be received and cannot be changed as certain of those cuts are the same pieces of meat cut differently.
- Offal and bones are available upon request at no extra charge.
- In the case of a beef split, both purchasers of the two halves must select the same custom cut option.
