

# Private Dinner

## SERVICE INFORMATION

Congratulations on winning or receiving a private dinner prepared by a professional chef in the privacy of your home. The services for the night include shopping, preparation (most of which is done ahead and finished at the customer's site), service and clean-up.

Our four course dinner includes an appetizer, soup or salad, entrée and dessert.

We provide all the food, including bread and butter.

You are always welcome to add additional courses for an additional fee.

With small dinners like this we tend not to do walk-through's as we can adapt to household kitchens and set-ups easily, but we will of course need a working kitchen.

Better Life will arrive fully prepared for the dinner preparation. All dinner items will be plated and served so the host will need to provide each of the following:

- o place settings (appetizer, bread & butter, salad/soup, dinner and dessert plate)
- o napkins (cloth or paper, it's up to you)
- o flatware (salad forks, dinner knives, dinner folks, desert spoons/forks)
- o appropriate glassware
- o beverages
- o table decor

Increasing the number of guests is not a problem. It will be on average an additional \$100 per person up to eight people. At nine or more people it is recommended we bring in a server and can quote a price if necessary.

We will arrive an hour and a half before dinner.

No worries on the allergies, we work with restrictions all the time. Most of our items are made in house from scratch so we have complete control. Please inform us of any special dietary need or allergies as soon as possible.

Better Life Food can suggest wine parings upon request.

Get ready to enjoy a night of fine food and relaxation!
