WE DON'T JUST EAT OUR GREENS

We love the Earth. It's the source of all our great ingredients.

We like to show that love by making every effort to use sustainable methods and materials. All menu items are served in baskets, ceramic, metal and/or bamboo platters with fresh fruit, vegetables and/or herb garnish.

When clients must have disposable place settings we use starch, corn and sugar-based biodegradable, compostable goods. All paper products used are derived from sustainable forestry, recycled and renewable resources.

More detailed information regarding the individual items are available upon request.

Before placing your order, please inform your server if a person in your party has a food allergy
