## ABOUT US

Our mission remains to work collaboratively to improve access and to enhance the quality of digestive disease healthcare to achieve the best possible medical outcome and quality of life for current and future patients.

## BENEFITS

- Full participation and presentation opportunities in all DDNC programs
- Inclusion in organizational listserv for weekly updates
- Recognition as a DDNC member during Digestive Disease Week and on all coalition published items
- Contributing and collaborating on network and awareness opportunities with stakeholders throughout the year

## PROGRAMS

### Spring Public Policy Forum

**March**

**Forum**

Patient advocates, healthcare providers, and industry partners convene for educational sessions on topics impacting the community

**Hill Day**

Opportunity for advocates to meet with congressional delegates to share their personal stories and raise awareness

### Digestive Disease Week

**May**

We work with our member organizations to raise awareness and participate in the most prestigious meeting in the world for GI professionals.

### Capitol Hill Educational Update

**July**

In-depth mid-year update and review of pending community projects and upcoming priorities.

### Fall Public Policy Forum

**September**

Legislative and policy updates from congressional champions and key committee staff.
