To whom this letter may concern;

My name is Keya Jones and I am writing this letter on behalf of Krystal Denise Clark. Me and Krystal have known each other approximately 5 years. Me and Krystal met through one of her close family members. Her family member told me about how amazing Krystal is and how she does the best hair.

Once I moved in to the unit with Krystal and introduced myself, she welcomed me with so much love. I was able to see for myself what a sweet, kind hearted, loving, strong person she is.

Throughout my stay with Krystal I noticed her skin becoming discolored and a cough that she started to have frequently. I watched Krystal beg for help. No one would believe her. I didn't understand how a person that's such a blessing to be around be treated so cruel. Now 5 years later she's wheelchair bound with so much health issues going on.

Krystal will give you the shirt off her back even if you can't fit it. She loves to cook for everyone. I have watched her feed everyone else before she fed herself. Countless times she has done my hair as well as others just to make us feel better.

To whomever this letter may concern. You have come in contact with an amazing woman (Krystal Clark) who deserves to be cared for properly. To make it home to her children and grandchildren.

Sincerely,

Keya Jones #291075
