

Hello

My name is Shavette Runels an inmate here at Women Huron Valley and im writing not only on behalf of my self but all Women here at Women Huron Valley and especially my close friend Krystal Denise Clark she's been here for about 12 years suffering from being here her health is deteriorating rapidly. She has and currently experiencing severe side effects from a mold allergy its effecting Ms Clark inside and out you can see it physically effecting her. The Doctors here at Women Huron Valley are completely aware of Krystal Clarks condition in its entirety yet she continue to be neglected not only by the Warden but all healthcare staff. What is it going to take to get proper help, proper health care. Doctors hat stated that there isn't anything they can do for her while she's ~~incarcerated~~

she incarcerated here at Women's
Huron Valley. She's been sent out
of the facility and to the hospital
only to be refused help because
her case is so bad they want no
hands in it. At this point she need
official help, help that's going
to save her life no where in
this facility is safe for Ms. Clark
to live and survive. Her only
saving grace is for her to be
released from this facility. Yes
she may have been sentenced to
an amount of time but Death was
not and is not an option neither
is patient neglect. Anyone in the
health profession takes an oath
to help save lives if within their
capabilities. Krystal Denise Clark is
dying being incarcerated here. Is
there anyone willing to help save
a life we have to start some
where with someone.

To conclude this letter
this woman Krystal Denise Clark
is suffering being house in this
facility she has to have her cohorts
to write for her, do her hair, remind her of
things forgotten, wash her clothes and even COOK for
her I know these things because
I do these things for her. It's
shameful she isn't able to utilize
her god given faculties. Please I'm
begging for someone to help my
close friend before it's too late and
