

AF02 MG&CCCR MAY NEWSLETTER

The lovely weather in May has brought out our classic cars for some great events this month. As a car club we displayed our classics at Magnificent Motors held in Eastbourne. It was a well-attended and busy event showcasing a large variety of classics. We proudly showed our Classic MG's. Morris's, Morgans, Citroen 2CV, Rover P6 3.5 V8. This was a nice medley of cars from our members. Our classics are growing in variety with some modern classics coming into our line-ups, providing interesting discussions at our club meetings when we reflect on the works we undertake on them. We also visited some local events in smaller groups. Our Ford Capri member went to the Ford show at Ardingly and some of our Morgan members attended Goodwood. What a collection of Morgan's there were, and a great day was enjoyed by those that attended. Another event attended by some members was the Masters Historic Festival at Brands Hatch the highlight being historic F1 & F2 cars competing in races. Let's not forget our social side. It's always fun when our members come together to go to our monthly Kino Cinema trip. This month's film was great. We are all looking forward to the busy summer ahead.
