

AF02 MG & CLASSIC CAR CLUB OF ROTHER JULY NEWSLETTER

Bad weather threatened to call a halt to a Club BBQ organised by the Kings Head our meeting venue. Heavy rain during the morning miraculously cleared up just in time and we enjoyed an afternoon of sunshine with a varied selection of cars on display including a rather unusual convertible Datsun 260Z along with several MG's. Several club members and their cars attended the Ashburnham Country fair, a small local country show with local craft stalls and a selection of classic and agricultural vehicles, despite some showers the event was very well attended.

Chris's Roog was unfortunately cancelled due to members holiday commitments.
