

## **AF02 MG & CCCR April Newsletter.**

At last, with the arrival of April, spring came too. Classics emerged from winter slumber unless brave owners took them out on the occasional nice winter day. Although Maggie and Les seem to use their Morgan all the year. We had our first ROOG of this year organised by Chris, who refrained from taking us down farm tracks as he did not want to get his MG dirty. In fact, we only went down one narrow lane. It was circular trip of 30 miles starting from Blackbrook's, for a change, going as far to the north of Rother as Hawkhurst, Flimwell and Ticehurst and culminating at The Swan at Woods Corner, near Dallington. The Swan allowed us plenty of chatting and drinking time and eventually produced a very nice lunch. The monthly meeting was reasonably well attended and lots of ideas of activities and places to visit were discussed. Steve revealed the results of the Members' Survey he ran recently, which produced some interesting ideas but confirmed that outings in the cars, ending up at eating places, but not always pubs remains a mainstay activity. 26<sup>th</sup> was Drive It Day and 8 couples drove to Knole Park in Sevenoaks for lunch. Chris managed to turn up as everyone else was leaving! Several members are looking forward to attending Magnificent Motors at Eastbourne on Saturday 2<sup>nd</sup> May.
