

Dave was a perfectionist, even though he said he was not, he loved his passion behind the lens, and it showed. Every time you chatted with him at whatever event he was at he was always talking about what he was going to do next year to make his shots better for the following year.

An avid photographer, you could always count on Dave to capture the moment, whether it was family, the ducks at Polson Park, the stunning Okanagan views, local bands, Boogie Bash™, or his newest passion of RC's. Dave was always the man behind the camera. He enjoyed being outdoors, anything from hiking, kayaking, quadding, snowmobiling, camping, and shooting. He loved animals of all kinds, especially his dogs. He was fun, kind, honest and would give you the shirt off his back. An amazing guy who will be sorrowfully missed.

As a tribute to Dave and his passion for photography and capturing the moment we want you the Boogie Bash™ attendees to take his passion and show Dave through your eyes what Boogie Bash™ means to you. Show him your journey getting to Boogie Bash™, the fun times throughout Boogie Bash and the ride home. Let us share with Dave how he would have seen Boogie Bash™ this year. He would want us to be having fun, enjoying the event, and supporting a great cause for injured riders so let us share our photos and videos of Boogie Bash™ 2024.

So, take your photos and videos and upload them using the QR Code or link below from Boogie Bash™ 2024 for all to see.

Notes:

- Link to upload photos or videos.
  - <https://app.kululu.com/album/pcs17a>
- You may insert captions and wording when uploading photos or videos.
  - Only if you input your name or comment will they be shown on the picture.
