Nancy Labov, Christie Rossig, Tom Canavan, Rich Hallahan, Kathy O'Leary, Dave Santalla

Alumni in Recovery (AinR™) is a 501c3 organization that gives local recovering and grieving people a platform for speaking about addiction in schools and community events.

Paterson chapter members & Founder Nancy Labov

OUR MISSION

To heighten awareness around Substance Use Disorder, to end the stigma surrounding addiction, to provide hope and resources

OUR GOAL

By speaking openly about issues that affect youth and families of all walks of life, we create bridges through hosting addiction-related events and school presentations. Together, through community action, we can address the ongoing opioid epidemic and mental health crisis we are currently facing.

AinR™ Recovery Members

YOUNG, LOCAL PEOPLE IN SUBSTANCE ABUSE/ADDICTION RECOVERY

Our recovery members are abstinent from all mind-altering drugs, including alcohol. **They are responsible local young adults living in the community, building their lives, and actively living a life of recovery.**

They volunteer their time to speak openly about their feelings and issues during developmental preteen and teen years.

They share about **their struggles with addiction** and **how they overcame them**. They also speak about the importance of **asking for help** and **opting for better choices**.

Volunteerism is a work of heart.

Service is a cornerstone within the 12-step recovery community. Giving back through sharing our stories not only helps us but helps others.

Interested in becoming an AinR™ Recovery Member?

Our members are vetted through AinR™ Coordinating Staff and our **AinR™ Speaker Guidelines** (see page 7).

Contact our Operations Manager
Morgan Kennedy

morganainr@gmail.com

AinR™ Parent Members

**LOCAL PARENTS WHO HAVE
LOST THEIR CHILDREN TO
OVERDOSE/ADDICTION
RELATED DEATHS**

Our organization is two-fold in speaking to the public. **Parents and family members who have lost loved ones to addiction-related deaths are vital to the organization's mission in talking openly about addiction.**

Real-life local voices sharing their stories and experiences help to **change the perception** of substance abuse and addiction.

Hearing both sides of addiction; the recovery side and the family's side... we use a **peer-to-peer approach** to help plant a seed and promote prevention.

Volunteerism is a work of heart.

Interested in becoming an AinR™ Parent Member?

Our members are vetted through AinR™ Coordinating Staff and our **AinR™ Speaker Guidelines** (see page 5).

Interested in becoming a Parent Member?
Contact our Director of Parent Programs,
Tom Canavan.

tome@alumniinrecovery.org

PARENT SPEAKER GUIDELINES

Prospective presenters should attend an appropriate number of Parent presentations before first speaking to become familiar with our presentation styles for parents and how these guidelines are incorporated.

Prospective presenters will meet with the **Director of Parent Programs** or designated other person to review their speaking outline and timing before first presentation.

Parent Presentations should last for approximately 15 minutes. Time yourself in advance and don't go longer than 15 minutes unless the format provides for it and it's prearranged.

Remember: This is an opportunity for you to educate others.

Have some photos of your child to personalize the message. (on USB stick for laptop). For Zoom events, please check with Morgan about PowerPoint- morganain@gmail.com

Have notes or an outline to help guide you.

Share your experience regarding the following:

- Family structure (traditional; divorce/blended; etc.; environment)
- Childhood - what kind of student was your child like while growing up? School environment; sports/activities. Place your child in context of how their school years went.
- The progression and what happened -The "defining moments": What signs did you specifically see that your child had changed? How did you find out? Was drug paraphernalia present? What was the interaction and your relationship like?
- The active addiction behaviors exhibited: e.g. pathological lying; car accidents; new "friends"; disappearance; etc. What to look for.
- Explain what you have learned about the disease.
- Share how it affected you and your family.
- What steps did you take to intervene? What resources did you use and what was the result? What were the most successful, if any, and least?
- What happened to your child?
- What is like now for you and your family?
- Where do you go for help if you suspect or know of a problem?
- Resource List (i.e. Nar-Anon, Al-Anon, etc.)
- Why you speak publicly?
- Our hope is to continue to increase awareness in our community, especially amongst other parents, of the reality of addiction deaths. End the stigma regarding disease of addiction
- Questions

RISK	PROTECTIVE
Poor academic performance	Academic competence
Lack of parental supervision	Parental monitoring/involvement
Access to drugs and alcohol	Awareness (adherence) with current laws.
Social issues in school or life	Connection in community (church, sports...)

AinR™ Social Media & Publicity POLICIES

- **Facebook** Videos/photographs are permitted to be posted on the official **Alumni in Recovery FB ONLY**. Receive verbal permission first from school staff and members. **NO STUDENTS ARE TO BE PHOTOGRAPHED OR VIDEOTAPED** (as per confidentiality laws). Ask for permission from members, as well.
- All members must refrain from publicizing student events, photos or videos on personal social media. Members can share public community-based events/announcements as created on **Alumni in Recovery** social media pages (Facebook, Instagram). Refrain from any personal/professional publicity at the press level. Community-based presentations are hosted by town organizations and we should respect their publicity preferences.
- As **Alumni in Recovery** becomes more well known, we are exposed to more coverage in newspapers, social media, radio and even local television news. This publicity is core to our mission of raising awareness and sharing our stories. However, we realize that each of our Members and Parent Program Members has a deeply personal story that is theirs alone to determine how it should or should not be disseminated.
- It is important for all of us to realize that **Alumni in Recovery** cannot control the coverage of events, especially, large community-based events. With this in mind, each **Alumni in Recovery** speaker should carefully prepare their presentation prior to their speaking event. You should assume that anything that you share will make it into news or other coverage of the event, and you should include only what you are comfortable in disclosing.
- Your stories are immensely powerful and moving, and we have all seen how your bravery in sharing them has made **Alumni in Recovery** grow into the success that it is today. But your ability to continue to share your journey relies on respect for your privacy and it is critical to all of us that you feel comfortable to set whatever boundaries you feel appropriate.

WHAT NOT TO DO!

NO PROFANITY. Please be responsible for the words you use – they matter!

DON'T ASSUME they know the terms/words you are using.

Ask questions and engage students.

DON'T LABEL any of the students as alcoholics or addicts, or that they will become one – just that substance use is the potential path. Keep it generalized, and do not go off topic of addiction to make points. Stay in the scope of addiction and personal journey.

ALUMNI IN RECOVERY DOES NOT SPEAK OF OUTSIDE ISSUES (i.e. religious, political, causes), or anything beyond the scope of these guidelines as it pertains to your own experience and the general facts of addiction.

ALUMNI IN RECOVERY MEMBERS SHALL NOT PROMOTE OTHER ORGANIZATIONS, OR ENGAGE IN SELF PROMOTION, when speaking in schools, to the media and to the general public.

These include AA, NA and professional services.

We are there as **ALUMNI IN RECOVERY** members.

12-STEP PROGRAM REFERENCES:

LIMIT SHARING ANY AA/NA EXPERIENCES since we are speaking as people in recovery. **ALUMNI IN RECOVERY** is not affiliated with 12-step programs. Be clear that you are a Member In Recovery and not there to speak on behalf of any organization other than **ALUMNI IN RECOVERY**. If you must, refer to **AA/NA** as "12-step programs". Offer to discuss with anyone wanting more info after speaking. For reference:
AA: (800) 245-1377 or www.aa.org
NA: (908) 687-8566 or www.na.org
RESPECT ANONYMITY outside the fellowships. Do not refer to other Members during presentations as part of any AA or NA program.

SHARING INFORMATION

NEVER GIVE YOUR PERSONAL PHONE NUMBER TO STUDENTS. You may provide staff with our contact email – contact@alumniinrecovery.org. They are minors and we are guests of the staff. You may give the contact staff or school personnel your info if they wish to reach you in regard to connecting with a particular student. You can also refer them to an **ALUMNI IN RECOVERY COORDINATOR**.

SHARING RESOURCE INFORMATION. If you are ever asked to provide a list of treatment resources, refer them to your local **ALUMNI IN RECOVERY COORDINATOR**.

SCHOOL COMMUNITY OPPORTUNITIES

COMMUNITY SERVICE OPPORTUNITIES AVAILABLE FOR TEENS!

SPEAKING OPENLY ABOUT ADDICTION MAKES A DIFFERENCE.

KINDNESS ROCK PROJECT

Rocks are painted by local communities with inspiration to be put on our event tables.

PEOPLE ARE ABLE TO GRAB THEM AS A POSITIVE MESSAGE TO HOLD ONTO. THE ROCKS ARE MADE WITH LOVE BY KIDS WHO CARE, IN LOVING MEMORY OF LIVES LOST TO ADDICTION.

THE
BLACK
POSTER
PROJECT

Dee Gillen & Nancy Labov

The Black Poster Project (501c3 organization) is a project created by one of our parent members, **Dee Gillen**. What started off as a parent presentation with images of 20 or so lives lost to overdose/addiction related deaths, has now turned into a project filled with hundreds of posters. As the TBPP continues to be recognized, it has consistently grown, as addiction is something that most people are familiar with... either in their own lives or someone they love.

To learn more visit theblackposterproject.com or email dee.theblackposterproject@aol.com.

The Black Poster Project is available for school/community events. Dates are limited!

COMMUNITY PROGRAMS

We all can lend a hand and destigmatize the disease of addiction!

WE CAN SAVE LIVES TOGETHER NOW!

PROGRAMS AND EVENTS TO GET YOUR COMMUNITY INTO ACTION

**"Connectedness counters
addictive behaviors. It is the key."**

Dr. Bruce D Perry, Neuropsychiatrist

GET INVOLVED!

& collaborate with valuable resources!

Pictured from left to right: Ellen Elias (TCADR), Alex Roth (NJ Re-Entry), Mark Musella (Bergen County Prosecutor), Nancy Labov (AinR Founder), James McGreevey (Chairman of NJ Re-Entry), and Mike Paoletto (BNBMC)

Volunteerism is a work of heart.

AinR™ gives people tools and a means of which people can get into action to address a disease that typically leaves one feeling powerless.

**INTERESTED IN HOSTING AN EVENT IN YOUR TOWN OR VIRTUALLY?

COMMUNITY EVENTS

Thinking about hosting an event?

HOW TO MAKE YOUR EVENT A SUCCESS...

- Invite and publicize the event well in advance.
- Get your PTO involved!
- Get your sports teams and clubs involved to volunteer.
- Invite local substance abuse and mental health resources to have an information table.
- Food for attendees (it works!) - donations from local vendors/restaurants to highlight in your advertising.

Once you schedule, we will continue to assist in ways to promote your event.
