The travel agent has agreed to extend the deadline to July 1st if you are part of the NGC or GCFP group.

The American "Team" will be attending Wafa for more than 2 days. In order to take advantage of the cruise experience AND be at Wafa and/or spend more time in Australia, Sharon Richardson has arranged with the Travel Company to skip some of the days at sea between New Zealand and Australia by flying between the 2 countries. This option would be available to any of our GCFP participants. We would incur an additional flight (approx.. \$250) and additional hotel night/s in Sydney (approx. \$230/night).

By flying to Australia, cruisers would have more sightseeing time in Australia or participating in the whole Wafa experience. The American Team is registering for the entire Wafa Show to attend the "Special Events" AND be eligible to register for workshops and enter design classes. (Wafa Schedule and Program Attached)
