

2023 PRE-CONVENTION SHOPPING OPPORTUNITY

SPEAR HEAD SPADE® GARDEN SHOVELS ARE BACK!

by Marilyn C. Backus, 2023 Convention Chair

These lightweight shovels sold out at the 2022 Malvern Convention because they are especially suited for women, seniors and people with ailments. This Spade reduces digging effort by 80%, especially in soils with lots of buried rocks, debris, and clay. It shines when it's time to separate perennials with impenetrable roots; and its beveled edges enable precision digging, especially when edging curved borders.

Testimonials - District members who love their shovels.

Iris Cisarik, District VII, bought a Spear Head Spade and says she loves how it helps to stabilize her while digging on the hillsides of Forest Hills. Sharon Richardson, District I, said, "My Spear Head is the best and only shovel I use." And, Mary Hetrick, District VIII, said, "My yellow-handled Spade is well-used, well-loved and never left behind!"

View the details and order form for three models of the Spear Head Spade at www.spearheadspade.com. They are available to all GCFP members at a discount if pre-ordered on-line using most credit or debit cards and the **coupon code "GCFP", effective January 1, 2023.** The \$4 discount can be applied to the shovel, and shipping costs avoided, if "in-person pickup" is selected. Disregard the pickup address since it will be available for pickup at the 2023 Convention in Monroeville on Saturday, April 22, 2023. Otherwise, \$4 will be deducted from shipping costs. A percentage of the Spade's online and Convention sales will be donated back to the Convention.

For answers to any questions, please contact Hugh Mura at Spear Head Spade at 732-297-9240.
