Private room cost: \$1,215

PLEASE NOTE: The price quoted above is for the smallest customized group size. IF we fill the trip with 30 passengers, there will be a significant refund.

For example, the travelers on the Italy trip received a \$999. refund two weeks before the departure date. Price is determined by group size and is not calculated until AFTER the trip finalization date. I can't promise a refund, but my goal is to have 30 passengers so that travelers will receive a similar discount. As always, the trip is first come, first serve.

There is a \$100 "early registration" discount that is valid until February 11th.
