2. *Pyrography* - the art of decorating materials like wood, leather, and gourds by using a heated tool to create designs.

Appreciation For and Protecting Native Plant Habitats

Mt. Cuba Center is a renowned botanic garden committed to the conservation of native plants and their habitats. It inspires an appreciation for the beauty and value of native plants and a commitment to protect the habitats that sustain them.

Each applicant must complete [NGC Form 7 Application for Refresher](#) and obtain the required signatures.

NGC [James Pavelka](#) - GCFP [Susan Glassmoyer](#)

With registration confirmation, you will receive additional information regarding box lunch choices, and directions to Mt. Cuba and Stroud.
