\*It is my intention to integrate any animal I may foster into my home and life as a pet and companion. I understand that fostering entails a commitment to provide responsibility for the pet's needs while it is in my care. I am over age 21 and I am willing to make this commitment.

\*I am aware that the duration of the foster stay cannot be predicted and could last for some time; that a dog's basic needs alone (non-veterinary) cost hundreds of dollars per year; that my foster will require time each day for training, grooming, exercise, and interaction. I agree to provide the animal with good and loving care, including but not limited to food, water, shelter, and medication when required.

\*I authorize the landlord, if any, and their agents to release to PHP any information in my rental agreement that pertains to pet owning and keeping.

\*I authorize the veterinarian listed above and their agents to release to PHP any information pertinent to evaluating my history of pet ownership, if any.

\*I certify that the above information is true. False information will be cause for denial of this application. PHP reserves the right to deny any foster application for any reason. All completed applications are the property of PHP and will be retained in its files.

\*PHP may at any time do a home check of the current conditions of my home and the foster situation. PHP may at any time take the foster from the premises if deemed necessary.

\*I understand the animal shall remain the sole property of PHP and I agree to return the animal upon request or if I am no longer able to adequately care of the animal.

\*I understand and acknowledge that I do not have any right or authority to keep or to place foster animals in other homes or with other individuals.

\* I agree to hold PHP harmless from any direct or consequential damages arising out of the foster care arrangement.

By my signature, I accept the above terms.
