

Sunday School news

Hello Friends,

It seems very strange to be having our last day of Sunday School classes tomorrow. I am grateful for our teachers who did a stellar job keeping us connected through Zoom and video lessons. Thank you! Online Sunday School will still be available on our Website.

Can you believe we have not been in the traditional Sunday School classroom for over a year now? Messiah has a dedicated group who are working to get our church open again safely. As soon as they say it's okay, we are going to have some fun!

Since outdoor gatherings may be approved first, I would like to propose a party to celebrate and thank our teachers. I am thinking about food, games, prizes, music, dancing and singing in the courtyard with our Sunday School friends. Sound good? If you have an idea of a special way to thank our teachers, please email or text me.

Big changes have been made to the Sunday School hallway! New paint has transformed the old, drab hallway into a bright, vibrant, and welcoming place to be proud of! Maybe we should have a Grand Opening when we start classes in person! Sounds like a good excuse to have another party to me.... 😊!

I have been looking into VBS curriculum. More will be revealed after council meets this month. Keep praying. God is moving mountains.

Peace and Love,
Cheryl Moser, DCE
