Executive Summary

Event-Based Community Interactions (EBCI), created by Words of Hope 4 Life in 2021, is a groundbreaking public-health model built on one core belief: people heal, grow, and thrive through connection. Instead of relying solely on clinical settings, EBCI brings mental wellness into joyful, accessible community environments where stigma fades, relationships form naturally, and support becomes easier to reach. These experiences strengthen key protective factors that reduce risk, enhance resilience, and promote long-term well-being.

ViewFest is the largest and most visible expression of this model. As the world's biggest mental health and prevention festival, it uses the power of gathering to connect thousands of attendees with hundreds of partner organizations in a setting that feels welcoming, inclusive, and free of barriers. Every interaction—whether through a conversation, tool, activity, or moment of connection—reinforces the message that mental wellness is for everyone and that help is never out of reach.

EBCI also directly advances the social determinants of health by expanding access to care and education, strengthening social support networks, fostering a sense of belonging, and creating safe, stigma-free spaces that are open to all at no cost. By meeting people where they are, the model reduces the obstacles that often prevent individuals and families from seeking guidance, learning new skills, or connecting with resources.

Together, EBCI and ViewFest create a community movement that reshapes how mental wellness is approached—not as a service people must find, but as an experience that comes to them with hope, humanity, and connection. Through this work, communities become stronger, more resilient, and better equipped to help every person grow and Bloom Forward. Through this framework, communities don't just talk about mental health—they live it, share it, and grow forward together.

What is ViewFest

ViewFest is the world's largest mental health festival—a one-day, community-powered celebration of positivity and inclusion. Founded in 2021, it brings together hundreds of partner and sponsor tables (no stage programming) where attendees explore hands-on activities, practical coping strategies, resiliency tools, and direct access to life-saving resources—all in a welcoming, festival-style atmosphere that's impactful, useful, and fun for all ages.

Anchored in the Event-Based Community Interactions (EBCI) model, ViewFest leverages large, joyful gatherings to promote mental wellness, reduce the risk of substance use, and strengthen protective factors across diverse communities.

Every aspect of ViewFest is intentionally designed to address the social determinants of health. By hosting the event in an open, inclusive setting with free access, families of all backgrounds can engage directly with resources that influence health outcomes—social support networks, education, safety, and connectedness. ViewFest eliminates cost barriers, promotes diversity, and strengthens community resilience through joy and shared experience.

This is a day about community—not a fundraising gala. Every dollar raised—including sponsorships—is reinvested to produce the event and keep it accessible, with no sales pressure. **This is a free community event.**

In short, ViewFest isn't just an event—it's a movement reshaping how communities engage with mental health.

What is ViewFest

Addressing the Social Determinants of Health

- Free, universally accessible event—removes cost and stigma barriers
- Connection to care providers and community support networks
- Focus on education, prevention, and empowerment
- Celebration of inclusion, belonging, and social connection

Highlights & Impact

- A casual day offering immersive experiences that blend entertainment, education, and wellness in a positive, community-driven, and inclusive atmosphere.
- Inclusive by design: accessible, welcoming, and stigma-free
- Real-life skills at every table: coping strategies, resiliency tools, and connections to care
- Record-setting results: 2.8-mile Hug Buddy Postcard Project and the largest single-day Narcan training

Why Support Matters Everywhere

Supporting ViewFest is about more than a single day in Michigan—it's about being part of a movement that is reshaping how communities engage with mental health. As the largest mental health festival in the world, ViewFest has gained recognition for its world-record achievements and for creating a model that other communities can learn from. Your sponsorship helps fund innovative, stigma-free prevention efforts that extend beyond the Zoo gates—through community stories, digital sharing, and the ripple effect of lives changed. Whether you are a local business, a national organization, or an individual ally, investing in ViewFest means standing for connection, resilience, and mental wellness that transcends geography.

- Breaking Records, Building Hope
- 1,835 attendees
- World Record event: Largest Number of People Trained on Narcan

2025

- Live in the Moment
- 2,943 attendees

ViewFest 2026

We chose Bloom Forward as the 2026 theme because growth, like flowers, is both personal and shared. Every flower blooms in its own way—some quickly, some slowly, some boldly, some quietly—yet together they create a vibrant garden. In the same way, ViewFest reminds us that each person's mental health journey is unique, but when we gather as a community, our collective growth is even more beautiful and powerful.

Our symbols bring this vision to life:

- **Flowers** represent diversity, individuality, and the courage to grow at your own pace while contributing to a greater whole.
- **Bees** reflect productivity, community, and the power of working side-by-side for the common good.
- **Ducks** embody adaptability, balance, family, protection, and new beginnings.
- **Potatoes** remind us of the quiet strength of deep roots—nourishment that sustains growth above the surface.

Woven into our visuals and on-site activities, these elements encourage attendees to plant roots, find balance, contribute to the hive, and flourish together. Bloom Forward is more than a theme—it is an invitation to grow, to gather, and to leave stronger and more connected than when you arrived.

Key Metrics

Target Audience: 5,000 attendees
Target Sponsors/Community Partners: 350
Comprehensive Media Coverage
