1. The judgment began in 1844 and will not close till after the 1000 years of Revelation 20.
2. Its purpose is not to inform God of anything. He is fully aware of everything about everyone and could handle the entire judgment in a micro-second, I Kings 8:39 (563).
3. Its purpose is to make very clear to angels and people that Satan's plan was hopeless, unworkable and diabolical; that God has handled everything with utmost courtesy, compassion, fairness and love and that every single person actually received as a reward or punishment what he chose of his own free will after being fully informed of the consequences.
4. The watching universe must be clear that it is safe to welcome beings, who have sinned, back into heaven's family. The judgment makes that clear by presenting the evidence which the angels have gathered and by answering questions from inquirers.
