

# CAPABILITY STATEMENT

## Solutions Today To Empower Tomorrow

### ABOUT US

Century Security Solutions, Inc. was established in 2015 by Adnan Barik, a seasoned professional with a background in working with leading security firms such as ADT, Protection 1, and AT&T. Under his leadership, Century Security Solutions has rapidly grown to become a trusted provider of comprehensive security solutions across various sectors.

Century Security Solutions, Inc. offers a wide range of services including electronic security systems, IT support, energy solutions, aerospace and defense security, and construction management. Our expertise spans across healthcare providers, educational institutions, energy companies, commercial enterprises, and the aerospace and defense sectors. Our commitment to quality, technology, and customer satisfaction ensures that we deliver solutions that are not only effective but also innovative.

### MISSION STATEMENT

Our mission is to **empower government agencies and private sector clients** with tailored security solutions that ensure safety, efficiency, and adaptability. We strive to enhance the security landscape by providing solutions that address the unique challenges of each project, backed by **a deep understanding of federal, state, and local government requirements**, including the specific security and compliance needs of the aerospace and defense industries.

With a holistic approach that integrates cutting-edge technology, custom designs, and meticulous project execution, we aim to deliver solutions that meet immediate security needs while also preparing organizations for future challenges.

We align our services to government contracting by adhering to compliance standards, ensuring security protocols meet stringent federal regulations, particularly in aerospace and defense sectors, and delivering projects on time and within budget. Our team of experts are skilled in navigating the complex procurement processes of government agencies, and we leverage our experience in diverse industries to **deliver customized, efficient, and reliable security solutions**.

### DIFFERENTIATORS

#### Experienced Leadership:

- ☉ Led by Adnan Barik, with over two decades of experience at ADT, Protection 1, and AT&T.
- ☉ Visionary leadership that integrates cutting-edge technology with practical security solutions.
- ☉ Recognized industry leadership, with a strong commitment to professional development.

#### Technological Edge:

- ☉ Utilization of the latest security technologies and practices to provide advanced, reliable, and scalable solutions.
- ☉ **Aerospace & Defense Expertise:** Deep understanding of the complex requirements of aerospace and defense, allowing us to implement customized solutions for mission-critical environments. We focus on high security, operational efficiency, and national defense-related security protocols.

#### Comprehensive Service Offerings:

- ☉ Wide range of services including electronic security, IT support, aerospace and defense security, energy solutions, and construction management.

#### Client-Centric Approach:

- ☉ Commitment to understanding client needs and delivering personalized solutions that exceed expectations, including specialized solutions for government aerospace and defense projects.

#### Proven Track Record:

- ☉ Demonstrated success across various industries, backed by positive client testimonials and repeat business. Our proven ability to deliver high-security solutions makes us a reliable partner for aerospace and defense clients.

## CORE COMPETENCIES

### Electronic Security Systems:

- ⦿ **Equipment:** Provision of advanced security hardware including cameras, access control systems, and intrusion detection.
- ⦿ **Service & Installation:** Ongoing maintenance and professional installation to ensure peak system performance.

### IT Services:

- ⦿ **Help Desk & Network Security:** 24/7 IT support and robust security measures to protect data integrity.
- ⦿ **Cyber Security:** Advanced defenses against cyber threats.
- ⦿ **Data Analytics:** Enhanced decision-making through security data insights.

### Custom Security Solutions:

- ⦿ **Alarm & CCTV Systems:** Comprehensive surveillance and alarm systems for real-time monitoring.
- ⦿ **Control Rooms & Access Control:** Centralized security management and restricted access systems.
- ⦿ **Fire & Intrusion Detection:** Reliable detection systems for fire and unauthorized access.
- ⦿ **Public Roadway Security:** Monitoring and security solutions for public infrastructure.
- ⦿ **Network Infrastructure:** Design and installation of secure, scalable network rooms with structured cabling, servers, and advanced hardware, ensuring robust and reliable network installations for high-performance operations.

### Energy Solutions:

- ⦿ **Solar & EV Solutions:** Solar-powered security, EV charging, and commercial building solar conversions.

### Aerospace and Defense Solutions:

- ⦿ **Specialized Network Security:** Providing advanced, resilient protection for aerospace and defense communication networks, including classified data handling and secure information sharing.
- ⦿ **Surveillance and Monitoring:** Implementing state-of-the-art surveillance systems for aerospace and defense facilities, including perimeter security, intrusion detection, and real-time monitoring.
- ⦿ **Compliance with Defense Standards:** Our solutions meet regulatory and security compliance standards required by aerospace and defense agencies, including the Department of Defense (DoD) and other federal entities.

### Construction Management:

- ⦿ **Project Planning & Execution:** Managing all aspects of construction, ensuring seamless security system integration.

## PAST PERFORMANCE

## COMPANY DATA

### Company Name:

Century Security Solutions, Inc.

UEI: HULUFF3BNUH1

Cage Code: 9TWJ4

DUNS Number: 08-019-8186

### Certifications and Credentials:

### NAICS CODES

- 561621 Security Systems Services (except Locksmiths)
- 541511 Custom Computer Programming Services
- 541512 Computer Systems Design Services
- 541513 Computer Facilities Management Services
- 238210 Electrical Contractors and Other Wiring Installation
- 541690 Other Scientific and Technical Consulting Services
- 561210 Facilities Support Services

- 236220 Commercial and Institutional Building Construction
- 541330 Engineering Services
- 561110 Office Administrative Services
- 541611 Administrative Management and General Management Consulting Services
- 541715 Research and Development in the Physical, Engineering, and Life Sciences (except Biotechnology) (Aerospace and Defence)
