

Food Truck Schedule (Updated 6/4)

We wanted to give everyone a schedule for the food trucks that are coming for the next month. It is easiest and safest for them to park their trucks on the flat surface that the parking lot provides. We are booked through June and will continue to book through July if demand remains high for the trucks to continue serving the neighborhood. Thank you in advance for your patience as we recognize it can be a bit of an inconvenience when we need to block off the entrances to the parking lots ahead of the food trucks coming, or when we need to ask pool patrons to kindly move their vehicles, so the parking lot is clear for them to set up.

The food trucks have turned out to be a real treat and enjoyed by most everyone. If you have a particular favorite or would like to suggest a new truck for consideration to be added to July's schedule, should we continue booking that far out, I would love to hear your thoughts...
