

Village at High Meadow

Consolidated Declaration of Covenants, Conditions, and Restrictions

for

All Village at High Meadow Community Association Sections

FOR REVIEW ONLY - NOT RECORDED

PREFACE

The Village at High Meadow Community Association consists of eight (8) Sections, Section 1, 2, 3, 4, 5, 5A, 6, and 6A, developed by Jack Frey Properties, Inc. Each Section has a legally recorded set of "Declaration of Covenants, Conditions, and Restriction" (DCCR) on file with Montgomery County. The majority of the language in each of the individual Section DCCR's are identical with a few exceptions. The purpose of this document is to consolidate the eight (8) DCCR's into one document, noting when the original documents differ from the other, referencing when an area of the documents were amended, noting spelling and grammatical errors, removing language that no longer applies to the developer (original Declarant).

This document is not a legal document, nor in any way intended to replace the original Section DCCR legally filed with Montgomery County. Always research the original DCCR legally filed for the Section in which your property resides before making any decisions on the governance of your property.

The original DCCR's are on file with Montgomery County, as are each and every Amendment to the original documents approved by the Association's Board of Directors. Over time, it has become apparent that the county's "system" has no linkage from the original to the amendments, hence some disconnect. This project was developed to address this for the benefit of our residents. In addition to inserting the changes (and noting the amendment details and timeframe) to the original DCCR wording in this file, the committee also has "cleaned up" nonsense, missing, obsolete, and inconsistent wording that were in the original documents filed with Montgomery County. Most are clearly noted in a different color font to distinguish the change in this version from the original.

For convenience, the plat maps of the neighborhood, as well as maps of each individual section that are filed with Montgomery County are appended at the end of this document.

Such action may also take place at the regularly scheduled meetings of the Association provided, however, that written notice of any such meeting and the purpose thereof shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting. The officers and directors shall not be liable for any mistake of judgment, negligent or otherwise, except for their own individual willful misfeasance, malfeasance, misconduct or bad faith. The officers and directors shall have no personal liability with respect to any contract or other commitment made by them, in good faith, on behalf of the Association (except to the extent that such officers or directors may also be Members of the Association), and the Association shall indemnify and forever hold each such officer and director free and harmless against any and all liability to others on account of any such contract or commitment. Any right to indemnification provided for herein shall not be exclusive of any other rights to which any officer or director, or former officer or director, may be entitled. The Association may, as a common expense, maintain adequate general liability and officers and directors' liability insurance to fund this obligation.

E. INSPECTION OF RECORDS: The Members of the Association shall have the right to inspect the books and records of the Association at reasonable times during the normal business hours, and copies of all or any part of the Governing Documents, or other documents pertaining to the business of the Association, shall be made available to all Members and any other person or entity having a valid interest in the Properties upon the request of such party. The Association shall have the right to charge reasonable fees for providing copies of said documents.

ARTICLE IV: MAINTENANCE FUND AND ASSESSMENTS

SECTION 4.01 Covenants for Assessment: Each Owner of a Lot, by his claim or assertion of ownership or by accepting a deed to any such Lot, whether or not it shall be so expressed in such deed, is hereby conclusively deemed to covenant and agree, as a covenant running with the land, to pay to the Association, its successors or assigns,

each and all of the charges and assessments against his homesite and/or assessed against him by virtue of his ownership thereof, as the same shall become due and payable, without demand. Such assessments shall include, but not be limited to:

A. Annual Maintenance Fund Assessments or charges (as specified in SECTION 4.03 hereof);

B. Special Assessments to be established and collected by the Board according to the provisions of SECTION 4.04; No member shall be exempt or excused from paying any such charge or assessment by waiver of the use or enjoyment of the Common Areas or Facilities, or any part thereof, or by abandonment of his homesite or his interest therein.

SECTION 4.02 Purpose of Assessments: The Assessments levied by the Association shall be used as necessary for the general maintenance, beautification, landscaping of all common areas, front entrance, and recreation center, repair, utility bills and tap fees, operation of swimming pool, and any other expense of all common areas and common facilities; for mowing and maintenance of all nature trails, mowing and beautification of all side ditches until individual property owners occupy their homes, for paying off any indebtedness of the Association; for the protection of the scheme of Development as evidenced by this Declaration; and for carrying out the general business responsibilities of the Association, pertaining to the health, safety and welfare of the Owners within the Subdivision as provided for in the Governing Documents, including the funding of appropriate reserves for future repair or replacement. Other regular expenditures may be added to the Annual Maintenance Fund Assessment according to the provisions of SECTION 4.04. It is further established that the judgment of the Board of Directors in the expenditure of said funds according to the provisions of the Founding Documents shall be subject only to the operation of a "Petition for Referendum" according to SECTION 3.04C so long as such judgment is exercised in good faith.

SECTION 4.03 Annual Maintenance Fund Assessment: Until the first day of the first fiscal year following commencement of assessments, the maximum Annual Maintenance Fund Assessment shall be \$350.00 per Lot.

A. COMPUTATION OF OPERATING BUDGET AND ASSESSMENT: It shall be the duty of the Board, at least thirty (30) days prior to the Association's annual meeting, to prepare an Operating Budget covering the estimated costs of operating the Association during the coming year including a reasonable amount for contingencies and the amount of the annual contribution required for the Capital Budget as defined

in Subsection B below. The Board shall cause the Operating Budget and a statement of the amount of the Annual Maintenance Fund Assessment to be levied against each homesite for the following year to be delivered to each Member at least twenty-one (21) days prior to the meeting, along with a status report indicating any Owners delinquent in their assessments and the amount thereof. Except in the case of Special Assessments as provided in SECTION 4.04, or Restoration Assessments, as provided for in SECTION 4.05 below, the assessments levied shall be uniform and equal. The amount of the Annual Maintenance Fund Assessment may be increased in any year up to twenty percent (20%) more than the previous year at the sole discretion of the Board. An increase in the Operating Budget or Annual Maintenance Fund Assessment above said twenty percent (20%) increase shall become effective unless specifically disapproved at the annual meeting by a vote of a majority of the TOTAL MEMBERSHIP VOTES EXISTING (according to SECTION 3.03). Notwithstanding the foregoing, however, in the event that the membership disapproves the proposed budget for the succeeding year, then and until such time as a budget shall have been determined as provided herein, the budget in effect for the current year shall continue for the succeeding year.

B. CAPITAL BUDGET AND CONTRIBUTION: The Board of Directors shall annually prepare a Capital Budget which shall take into account the number and nature of replaceable assets, the expected life of each asset, and the expected repair or replacement cost. The Board shall set the required capital contribution, if any, in an amount sufficient to permit meeting the projected capital needs of the Association, as shown on the Capital Budget, with respect both to amount and timing by equal annual assessments over the period of the budget. The capital contribution required shall be fixed by the Board and included within the Operating Budget for purposes of computing the Annual Maintenance Fund Assessment according to the provisions of Subsection A above. A copy of the Capital Budget shall be distributed to each Member in the same manner as the Operating Budget. All amounts collected under the Capital Budget may only be used for capital improvements and repairs and shall be deposited by the Board in a separate interest

bearing account to be held in trust for such purposes. Said funds shall not be co-mingled with any other funds of the Association and shall be deemed a contribution to the capital account of the Association by the Members.

SECTION 4.04 Special Assessments: If the Annual Maintenance Fund Assessment proves inadequate for any year or purpose, the Board may levy a Special Assessment against all Owners; payable in one payment or over such period as may be set by the Board. Any Special Assessment shall be levied on an equitable basis, as determined by the Board, against all Owners. Prior to becoming effective, however, any Special Assessment shall be approved by the affirmative vote of the majority of a Quorum of Members voting according to SECTION 3.04B.

SECTION 4.05 Restoration Assessment: The association may levy a Restoration Assessment upon any lot whose Owner fails to maintain such Lot, as provided in ARTICLE IX, or who fails to provide such maintenance funds as may be required by this Declaration or any Supplemental Declaration for such homesite. Restoration Assessments shall be set solely by the Board of Directors and shall be limited to the amount necessary to meet the cost of restoration or deficiency in required funds, plus any penalty fees, interest, and the cost of collection thereof.

SECTION 4.06 Assessment Allocation: Except as provided for elsewhere in this ARTICLE, assessments levied against any homesite, or Owner shall be uniform and equal EXCEPT THAT:

- A. MULTIPLE LOT ASSESSMENT:** Any individual owning more than one (1) Lot shall be assessed as follows:
- 1) For the first homesite owned, the assessment shall be 100% of the Annual Maintenance Fund Assessment.
 - 2) For the second homesite owned, the assessment shall be 25% of the Annual Maintenance Fund Assessment.
 - 3) For all additional Lots owned, the assessment shall be 25% of the Annual Maintenance Fund Assessment.

All Lots owned shall be subject to the full amount of any Special Assessment as defined in SECTION 4.04. The reduced Annual Maintenance Fund Assessment shall continue until such additional Lots shall be sold

or become residences at which time the rate of assessment shall return to the normal full amount.

B. BUILDER ASSESSMENT: Any builder or construction company owning any homesite for the purpose of building homes for resale to third parties shall be assessed at the rate of twenty-five (25) percent on all lots owned. The reduced annual maintenance fund shall continue for two (2) years or until such property is sold, whichever occurs first.

C. DECLARANT ASSESSMENT: [OMITTED]

SECTION 4.07 Due Date of Assessments. Maintenance Fund Assessments are due in advance and payable on January 1st each year. Fees for lots purchased after January 1st shall be pro rated from date of purchase to December 31st and are due at time of purchase.

SECTION 4.08 Assessment Prorated: When lots are purchased from third parties (not from the Declarant) during the year, then the maintenance assessment shall be pro-rated to the date of closing between the buyer and seller or as otherwise provided by the Board, upon closing or completion of said purchase.

SECTION 4.09 Transfer Fee

1. To provide additional funds for payment of the operating expenses or capital improvements of the Association, which will in turn insure to the benefit of all owners, there is hereby imposed on all Lots (with or without improvements) the following restriction and obligation: Beginning with the initial conveyance of a homesite from Declarant to the initial owner, there shall be imposed on each subsequent purchaser of the Lot, the obligation to pay to the Association, a transfer fee in the amount of one-half (1/2%) percent of the purchase price paid upon transfer of ownership of a homesite and/or improvements thereon, by sale or trade from one entity to another. The transfer fee is imposed, not as a penalty and not as a tax, but as a means of supplementing the Assessments provided for in this Declaration. The purchase price shall be the actual money paid for the property or in case of a trade, the fair market value of the property. One-half of the Transfer Fee (1/4%) shall be the Seller's responsibility and one half (1/4%) shall be the Buyer's responsibility.

2. **Exclusions:** The Transfer Fee shall not apply to any of the following, except to the extent that they are used for the purpose of avoiding the Transfer Fee:
- (i) Any transfer to the United States, or any agency or instrumentality thereof, the State of Texas, any county, city, municipality, district, or other political subdivision of the State.
 - (ii) Any transfer from or to a Village at High Meadow homeowner that results in that homeowner paying more than one-half (1/2%) percent lifetime Transfer Fee on one of his/her homes: EXCEPTIONS:
 - a. Builders are not included in this exclusion and are required to pay their required portion.
 - b. Each transfer results in ¼% of sales price credited to lifetime transfer fee.
 - (iii) Any transfer, whether outright or in trust, that is for the benefit of the transferor or his or her relatives, but only if there is no more than nominal consideration for the transfer. For the purposes of this exclusion, the relatives of a transferor shall include all lineal descendants. Any person's stepchildren and adopted children shall be recognized as descendants of that person for all purposes of this exclusion. For the purposes of this exclusion, a distribution from a trust shall be treated as a transfer made by the grantors of the trust, in the proportions of their respective total contributions to the trust.
 - (iv) Any transfer arising solely from the termination of a joint tenancy or the partition of property held under common ownership, except to the extent that additional consideration is paid in connection therewith.
 - (v) Any transfer to secure a debt or other obligation or to release property which is security for a debt or other obligation, including transfers in connection with foreclosure of a deed of trust or mortgage or transfers in connection with a deed given in lieu of foreclosure.

SECTION 4.10 Owner's Personal Obligation

for Payment of Assessments: All assessments provided for herein shall be the personal and individual debt of the owner of the property covered by such assessments. No owner may exempt himself from liability for such assessments. In the event of default in the payment of any such assessment, the Owner of the property shall be obligated to pay such penalty fees as may be established by the Association, along with interest, at the rate

established by the Association up to the maximum rate allowed by law, on the amount of the assessment from the due date thereof, together with all costs and expenses of collection, including attorneys' fees. No Member shall be personally liable for the payment of any assessment made or becoming due and payable after his ownership ceases, and the personal obligation for delinquent assessments shall not pass to successors in title unless specifically assumed by them.

SECTION 4.11 Homestead Waiver: Each Owner, to the extent permitted by law, does hereby waive, to the extent of any liens created pursuant to this Declaration, whether such liens are now in existence or are created at any time in the future, the benefit of any homestead or exemption laws of the State of Texas now in effect, or in effect from time to time hereafter.

SECTION 4.12 Assessment, Lien and Foreclosure: All sums assessed in the manner provided for in this ARTICLE but unpaid, shall (together with penalty fees and interest as provided in SECTION 4.09 hereof, and the cost of collection, including attorney's fees as herein provided) thereupon become a continuing lien and charge on the property covered by such assessment, which shall bind such property in the hands of the Owner, and his heirs, devisees, personal representatives and assigns. The aforesaid lien shall be superior to all other liens and charges against the said property, except only for tax liens and all sums unpaid on any purchase money lien or deed of trust lien of record, securing in either instance sums borrowed for the purchase or improvement of the property in question, and shall specifically be prior to any declaration of homestead. The Association shall have the power to subordinate the aforesaid assessment lien to any other lien. Such power shall be entirely discretionary with the Association. In any case the Association shall be made a party to any court proceedings to enforce any lien deemed to be superior to any assessment lien. To evidence the aforesaid assessment lien, the Association may (but shall not be required to) prepare a written notice of assessment lien including the name of the Owner of the property covered by such lien and a description of the property. Such notice, if prepared, shall be signed by one of the officers of the Association and may be recorded in the office of the County Clerk of Montgomery County, Texas. Such lien for payment of assessments shall attach with the priority above set forth from the date that such payment become[s] delinquent as

set forth in SECTION 4.07 above and may be enforced by the foreclosure of the defaulting Owner's property by the Association in like manner as a mortgage or deed of trust on real property subsequent to the recording of a notice of assessment lien as provided above, or the Association may institute suit against the Owner personally obligated to pay the assessment and/or for foreclosure of the aforesaid lien judicially. The Board is hereby authorized to appoint its attorney or any Director of the Association as Trustee for the purpose of conducting such power of sale foreclosure. Notwithstanding, anything contained in this Declaration to the contrary, no action may be brought to foreclose the lien created by recordation of a claim of lien pursuant to this SECTION 4.11, whether judicially, by power of sale, or otherwise, until the expiration of ten (10) days after Registered Notice, as defined in SECTION 1.17, has been given to the Owner whose Lot is described in such claim of lien. In any foreclosure proceeding, whether judicial or not judicial, the owner shall be required to pay the costs, expenses, and reasonable attorney's fees incurred along with any penalty fees and interest accrued. The Association shall have the power to bid on the property at foreclosure or other legal sale and to acquire, hold, lease, mortgage, convey, or otherwise deal with the same. Each Member hereby expressly waives any objection to the enforcement and foreclosure of this lien in this manner.

SECTION 4.13 Release of Lien: Upon (i) the timely curing of any default for which a notice of a claim of lien was filed by the Board, (ii) the payment of all sums secured by the lien created by the recordation of such claim of lien, and (iii) the payment of a reasonable fee as determined by the Board to cover the costs of preparing and recording a release, the Board shall file and record an appropriate release of such claim of lien in the Office of the County Clerk of Montgomery County, Texas. No Owner may waive or otherwise escape liability for the Assessments provided for in this Declaration by non-use or abandonment of his Lot.

SECTION 4.14 Certificate of Account: The Association shall, upon demand, and for a reasonable charge, furnish a certificate signed by an officer of the Association setting forth whether the assessments on a specified [Lot] have been paid or the amount of any delinquencies. The Association shall not be required to obtain a request for such certificate signed by the Owner but may deliver such certificate to any party who in the

Association's judgment has a legitimate reason for requesting same. Upon the written request of any mortgagee holding a prior lien on any part of the Properties, the Association shall report to said mortgagee any unpaid assessments remaining unpaid for longer than thirty (30) days after the same are due.

SECTION 4.15 Foreclosure by Declarant: It is specifically stated and agreed that any homesite sold to persons or entities by the Declarant deed, or deed with lien and note, or other instrument and the purchaser defaults in the contract or note payments in any manner and said homesite is repossessed, foreclosed, or such contract canceled by Declarant, its successors or assigns, the Association will release its right to collect the past due maintenance charges, assessments, and penalties on such Lots from the Declarant and the Lot shall revert to ownership of the Declarant subject to the Declarant Assessment provided for in SECTION 4.06B. Nothing herein contained shall relieve the purchaser in default from whom the homesite was repossessed from his obligation to pay such delinquent charges, assessments, and penalties to the Association.

SECTION 4.16 Foreclosure by Lien: Any foreclosure of any superior lien under the power of sale of any mortgage, deed of trust, or other security instrument, or through Court proceedings in which the respective concerned Association has been made a party, shall cut off and extinguish the liens securing maintenance charges or assessments which became due and payable prior to such foreclosure date, but no such foreclosures shall free any homesite from the liens securing assessments thereafter becoming due and payable, nor shall the liability of any Member personally obligated to pay maintenance charges or assessments which become due prior to such foreclosure, be extinguished by any foreclosure.

SECTION 4.17 Exempt Property: The following property subject to this Declaration shall be exempt from the assessments, charges and liens created herein:

- A.** All Common Areas as defined in SECTION 1.19 herein.
- B.** Any other areas or properties which the Board, in its good faith judgment, may specifically exempt for the benefit of the Association, its Members or the general development plan of the subdivision.

SECTION 5.01 Designation of Committee: The Association shall have an Architectural Control Committee, (ACC) which shall consist of a Chairperson ~~who shall be a member of the Board~~* and at least four (4) Members who shall be appointed by the Board of Directors of the Association. [OMITTED][A]ny and all members of such Committee may be removed by the Board of Directors without cause. The Board of Directors shall have the exclusive right and power at any time and from time to time to create and fill vacancies on the Architectural Control Committee, providing, however, that no ACC member shall serve more than three (3) consecutive years after which that member must take at least one (1) year off. Husbands and wives may not succeed each other nor may two (2) members of one (1) family serve concurrently.

SECTION 5.02 Meetings of the Architectural Control Committee: The ACC shall meet from time to time as necessary to perform its duties hereunder. The ACC may, from time to time, by resolution unanimously adopted in writing, designate one or more of the Members of the ACC to take any action or perform any duties for and on behalf of the Committee, except the granting of variances pursuant to SECTION 5.08 of this ARTICLE. Upon such designation, the approval or disapproval of plans and specifications by such persons shall be equivalent to approval or disapproval by the entire Committee. In the absence of such designation, the vote of a majority of the Members of the ACC shall constitute an act of the Committee and shall be final, conclusive and binding.

SECTION 5.03 Function of Architectural Control Committee: No improvement, as that term is hereinafter defined, shall be erected, constructed, placed, altered (by addition or deletion), maintained, or permitted to remain on any portion of the Subdivision until plans and specifications, in any such form and detail as the ACC may deem necessary according to the published "Procedures for Approval" described in SECTION 5.04B, shall have been submitted to and approved in writing by such Committee. The ACC shall have the power to employ professional consultants to assist it in discharging its duties. In addition, the ACC shall be responsible for monitoring the compliance

of all of the Owners with the provisions of this Declaration. All actions, interpretations or decisions of the ACC shall be final and binding subject only to Appeal by the Member or other party to the Board as provided for in SECTION 5.13.

The applicant shall use a Request for Review Form containing all the materials and information defined in the published "Procedures for Approval". The proposal will contain a description of the project, including the height, width, length, size, shape, color, materials, and location of the proposed improvement. Photographs or sketches of similar completed projects will aid in the consideration. If the alteration affects the existing drainage pattern, the proposed drainage pattern must be included. The proposal should include a letter describing the proposed addition or alterations. The proposal shall be checked for specific conformance to the restrictions defined in ARTICLE VI, ARTICLE VII, and ARTICLE VIII of this Declaration. Requests not in conformance will be automatically denied unless a specific request for variance is made by the Owner.
- 2) Oral requests will not be considered.
- 3) Each alteration or addition must be specifically approved even though the intended alteration or improvement conforms to the Declaration, and even when a similar or substantially identical alteration or addition has been previously approved.
- 4) The applicant shall be informed in writing of the decision.
- 5) If the applicant fails to receive a reply within sixty (60) days, from the date of the written "Receipt of Plans" issued by the ACC, the request shall be considered to have been approved.
- 6) If a proposal is rejected, the reason(s) for disapproval shall be stated as part of the written decision.
- 7) The applicant is free to request reconsideration, if new or additional information which might clarify the

request or demonstrate its acceptability can be provided.

- 8) All plans, specifications and other materials submitted shall become the property of the ACC and will not be returned. All of the items submitted along with a copy of the Requests for Review will be filed according to homesite number, along with the written decision and a statement of action taken, if any.
- 9) In cases of new residential construction, the ACC shall be informed in writing upon completion of all construction and improvements required by this Declaration or the Governing Documents. The committee shall, within seven (7) days of the receipt of such notice, and such other information as is required for the issuance of a Certificate of Occupancy, inspect the property for determining compliance and providing a Certificate of Occupancy as required in SECTION 6.05, and approving connection to the water system according to SECTION 6.07.

B. PROCEDURES FOR APPROVAL: The ACC shall make available to any person or entity, upon their request, a copy of the "Procedures for Approval:" which shall (1) restate the provisions in Subsection A as shown herein or as modified by the Committee, (2) define any other requirements, procedures, or construction standards adopted by the Committee, and (3) state any fee structure as provided in Subsection D below.

C. CHANGES IN PROCEDURES: The ACC, subject to the approval of the Board of Directors, may change the procedures and requirements defined in Subsections A and B herein by recording such changes or new procedures in the Book of Resolutions and subsequently making available to all Owners upon request a copy of the new "Procedures for Approval".

D. CHARGES: The ACC shall have the right to establish reasonable minimal fees for its regular services, and or deposits to ensure compliance. Said fees may be used to cover the costs of providing the services, including, but not limited to, research, copying of materials, etc. Any fees established will be subject to the approval of the Board of Directors and shall be noted in the Book of Resolutions. The fee structure shall be equitable to all Members and a statement of the fees will be made in the published "Procedures for Approval". In addition, after written notice to the submitting party,

the Committee shall have the right to charge for reimbursement of any unusual expenses required or helpful in reviewing an application for approval, including but not limited to the expenses of hiring outside expert counsel.

E. BUILDER APPROVAL: declarant and/or his assigns shall have the option to approve or disapprove all builders. [OMITTED reference to Preferred Builder's Program in Sec 5A]

SECTION 5.05 Definition of "Improvement":

Improvement shall mean and include all buildings and roofed structures, parking areas, fences, walls, hedges, mass plantings, driveways, swimming pools, changes in any exterior color or shape, and any new exterior construction or exterior improvement which may not be included in any of the foregoing. It does not include garden, shrub or tree replacements, or any other normal replacement or repair which does not change exterior colors or exterior appearances. It does include both original improvements and all later changes and improvements.

SECTION 5.06 Basis of Approval: Approval of plans and specifications shall be based, among other things, on adequacy of site dimensions, structural design, conformity and harmony of external design and of location with respect to neighboring structures and sites, relation of finished grades and elevations to neighboring sites, and conformity to both the specific and general intent of this Declaration.

SECTION 5.07 Minimum Construction Standards: The ACC may, from time to time, establish an outline of minimum acceptable construction standards; provided, however, that such outline will serve as a minimum guideline and the ACC shall not be bound thereby.

SECTION 5.08 Variances: Anything contained in this ARTICLE V or elsewhere in this Declaration to the contrary notwithstanding, the ACC is hereby authorized and empowered, at its sole and absolute discretion, to make and permit reasonable modifications of and deviations from any of the requirements of this Declaration relating to the type, kind, quantity, or quality of the building materials to be used in the construction of any building or improvement on any Subdivision homesite and of the size, shape and location of any such building or improvement when, in the sole and final judgment and opinion of the Committee, such modifications and deviations in such

improvements will be in harmony with existing structures and will not materially detract from the aesthetic appearance of the Subdivision and its improvements as a whole. The ACC may require the submission to it of such documents and items (including as examples, but without limitation, written request for and description of the variances requested, plans, specifications, plot plans, and samples of materials) as it shall deem appropriate, in connection with its consideration of a request for a variance. If the ACC shall approve such request for a variance, the ACC may evidence such approval, and grant its permission for such variance, only by written instrument, addressed to the Owner of the Lot(s) relative to which such variance has been requested, describing the applicable restrictive covenant(s) and the particular variance requested, expressing the decision of the ACC to permit the variance, describing (when applicable) the conditions on which the variance has been approved (including as examples, but without limitation, the type of alternate materials to be permitted and alternate fence height approved or specifying the location, plans, and specifications applicable to an approved out building), and signed by a majority of the then members of the ACC. If such variances are granted, no violation of the covenants, conditions, and restrictions contained in this Declaration shall be deemed to have occurred with respect to the matter for which the variance was granted. The granting of such a variance shall not operate to waive any of the terms and provisions of this Declaration for any purpose except as to the particular property and particular provision hereof covered by the variance, nor shall it affect in any way the Owner's obligation to comply with all governmental laws and regulations affecting his use of the premises. Any request for a variance shall be deemed to have been disapproved for the purposes hereof in the event of either (a) written notice of disapproval from the ACC; or (b) failure by the ACC to respond to the request for variance. The ACC shall have no authority to approve any variance except as expressly provided in this Declaration.

SECTION 5.09 Failure of the Committee to Act: In the event said ACC fails to approve or disapprove any plans and specifications, other than variances, within sixty (60) days after said plans and specifications have been submitted to it, and acknowledged by a written "Receipt of Plans", approval will not be required and the provisions of this ARTICLE V will be deemed to have been fully complied with; provided, however, that the failure of the ACC to

approve or disapprove such plans and specifications within such sixty (60) day period shall not operate to permit any structure to be commenced, erected, placed, constructed, or maintained on any homesite in the Subdivision in a manner inconsistent with any provision of this Declaration. EXCEPT that the Architectural Control Committee has no right or power, either by action or failure to act, to waive or grant any variances specifically reserved to Declarant in ARTICLE VI hereof. If plans and specifications are not sufficiently complete or are otherwise inadequate, the ACC may reject them as being inadequate or may approve or disapprove part, conditionally or unconditionally, and reject the balance.

SECTION 5.10 Limitation of Liability: Neither the Declarant, the Association, the ACC, nor any of the Members of such committee shall be liable in damages or otherwise to anyone submitting plans and specifications for approval or to any Owner of land affected by this Declaration by reason of mistake of judgment, negligence, or non-feasance arising out of or in connection with the approval or disapproval, or failure to approve or to disapprove any plans and specifications.

SECTION 5.11 No Warranty Implied: The approval or lack of disapproval by the ACC shall not be deemed to constitute any warranty or representation by such Committee including, without limitation, any warranty or representation relating to fitness, design, or adequacy of the proposed construction or compliance with applicable statutes, codes and regulations.

SECTION 5.12 Procedures for Monitoring Architectural Compliance and Compliance with this Declaration:

A. INSPECTION:

- 1) The ACC may periodically survey the Properties for compliance with architectural standards and the provisions of this Declaration.
- 2) The Committee shall inspect Lots undergoing improvement at completion, notify the Owner in writing of violations, if any, and, when satisfied that the conditions set forth in the approved application and the provisions of this Declaration have been met, issue a Certificate of Occupancy as provided for in SECTION 6.05 if such is required.

B. ALLEGED VIOLATIONS:

- 1) All reports of alleged violations must be submitted in writing to the Architectural Control Committee.
- 2) The Chairperson will appoint one member to investigate the allegation. If no violation is discovered, the complainant will be informed in writing. If it appears that there is a violation, the ACC will determine the appropriate disposition of the matter after the validity of the violation has been established according to the provisions of SECTION 9.02.
- 3) In all cases, the name(s) of the homesite Owner(s) responsible for the alleged violations shall be kept confidential until the violation has been established.
- 4) In all cases the name(s) of the complainant(s) shall be kept confidential unless he (they) should decide

to speak at any hearing according to the provisions of SECTION 9.02.

SECTION 5.13 Appeals: Any Member or other individual or entity directly affected by a decision of the Architectural Control Committee may appeal in writing to the Board of Directors of the Association, provided the written appeal shall be received by the Board not more than thirty (30) days following the final written decision of the ACC. The Board shall submit such appeal to the ACC for review, whose written recommendations will be submitted to the Board. Within forty-five (45) days following receipt of the request for appeal, the Board shall render its written approval or disapproval of the ACC's decision. The failure of the Board to render a decision within said forty-five (45) day period shall be deemed a decision in favor of the appellant.

ARTICLE VI: PROTECTIVE COVENANTS

A. RESIDENTIAL ONLY: Each Lot (including land and improvements) shall be used and occupied for single family residential purposes only. No Owner or other occupant shall use or occupy his homesite, or permit the same of any part thereof, to be used or occupied, for any purpose other than as a private single family residence for the Owner, his family, parents of the Owner and/or his children and their spouses, or his tenant and their families and domestic servants (and their families) employed on the premises. As used herein, the term "single family residential purpose" shall be deemed to prohibit specifically, but without limitation, the use of Lots for multiple or duplex apartments. B. This provision will not prohibit owner from having tractors or trucks in an enclosed area or totally shielded from the road. This provision will not prohibit any homeowner from maintaining his/her office in the home or providing such things as sewing or piano lessons or selling such items as cosmetics or household cleaners from the home providing, however, that there should be no visual evidence of any such activity from the exterior of the home, no signage of any kind, no advertising to come to the home and no noise made as a result of the activity.

The portico must be structurally part of the home and is subject to the same construction standards as the home. In order for a home to include a portico and a garage that faces any street, the garage must be on the opposite side of a courtyard with a portico on the street side of the courtyard.
2. A carport is a roofed structure, which is structurally part of the home and is subject to the same construction standards and minimum setback lines as the home that shelters a garage entrance. A carport must be at least 20 feet in length and equal in width as the garage entrance it shelters. The foundation of the carport must be an integral part of the foundation of the home.
3. Homes built on corner lots, specifically defined as those LOTS that have a street contiguous with two or more sides of the LOT, because of their unique situation of having streets on at least two sides of the LOT, can be granted a specific exclusion for a side loading garage (garage that is perpendicular to the front of the home). If the home is set on the LOT or is constructed such that the garage opening is at a 45-degree angle or more to any street, as defined below, the home submittal will be approved by the ACC. The angle of the garage opening will be measured from the plot plan of the home on the LOT with the streets identified per the official plat of the subdivision. One side of the angle will be the center line of the street that the

garage faces and is so identified on the plat plan and the other will be a line parallel to the opening of the garage, the inside angle of the intersection of these two lines must be 45 degrees or more for the house submittal to be approved.

SECTION 8.03 Servant's and/or Guest Quarters: Any servant's quarters not structurally a part of the main residence shall be architecturally similar or complimentary to the residence.

SECTION 8.04 [Note: This section contains text indicated in red that was incorporated into the DCCR's via amendment that was filed with Montgomery County on July 26, 2012.]

Outbuildings: All outbuildings other than the garage or servant's quarters shall be constructed or installed behind the back line of the residence. No unfinished tin or aluminum materials may be used in the construction of any outbuildings. All metal buildings not matching the residence in architectural design, materials, and color must be finished in basic earthtone colors to blend in with the surroundings and have a manufacturer's warranty with a minimum of twenty (20) years. No metal buildings are allowed.

SECTION 8.05 Swimming Pools: Swimming pools must have the approval of the Architectural Control Committee before any work is undertaken. Permanent above ground-level swimming pools will not be approved. (See Sec 7.05 B 1)

SECTION 8.06 Play Equipment: Temporary semi-permanent children's play equipment such as sandboxes, temporary swimming pools having a depth of less than twenty four (24) inches, playhouses, and tents shall not require the approval of the Architectural Control Committee provided that such equipment is located behind the back line of the main residence, and is in good repair.

SECTION 8.07 Exempt Property: Notwithstanding any provision herein to the contrary, the Common Areas shall not be subject to or burdened by the building and use restrictions set forth in ARTICLE VI, ARTICLE VII and ARTICLE VIII, except to the extent that same are made specifically applicable to the Common Areas.

SECTION 8.08 Amendment of ARTICLE VI, ARTICLE VII and ARTICLE VIII: The Association, acting through the Board of Directors, shall have the right to amend, modify or abandon any of the provisions of ARTICLE VI, ARTICLE VII and ARTICLE VIII provided that such changes shall be consistent with and in furtherance of the general plan and scheme of development as evidenced by this Declaration. Said change shall

- 1) [OMITTED Declarant approval is no longer required]
- 2) be recorded in the Book of Resolutions,
- 3) be evidenced by Notice to all Members, and

- 4) become effective six (6) months after the date of Notice to the Members unless a "Petition for Referendum" signed by fifteen percent (15%) of the Members is received prior to the effective date.

Should a properly signed "Petition of Referendum" be received prior to the effective date, the proposed changes will be brought before the membership according to the provisions of SECTION 3.04C with the assent of the majority of a Quorum of Members being considered as ratification of the proposed changes. Said changes shall become effective immediately upon ratification.

ARTICLE IX: MAINTENANCE

SECTION 9.01 Duty of Maintenance: Owners and occupants (including lessees) of any part of the Subdivision shall jointly and severally have the duty and responsibility, at their sole cost and expense, to keep that homesite or portion of the Subdivision so owned or occupied, including buildings, improvements and grounds in connection therewith, in a well maintained, safe, clean, and attractive condition at all times. Such maintenance includes, but is not limited to the following.

- A. Completion of all improvements and/or compliance with all of the requirements for a Certificate of Occupancy.
- B. Prompt removal of all litter, trash, refuse, and wastes.
- C. Prompt removal of any trees or vegetation inflicted with communicable diseases or parasites and dead or unsightly trees or vegetation.
- D. Regular mowing of all cleared areas.
- E. Tree and shrub pruning after completion of improvements.
- F. Keeping lawn and garden areas alive, free of tall weeds, and attractive.
- G. Watering.
- H. Keeping parking areas, driveways, roads, and drainage ways in good repair.

- I. Complying with all restrictions or requirements of this Declaration and the Governing Documents.

SECTION 9.02 Enforcement: If, in the opinion of the Association, any such owner or occupant has failed in any of the foregoing duties or responsibilities, then the Association may, but shall not be obligated to, cause such deficiency to be corrected as hereinafter set forth.

- A. For failure to keep a lot mowed, or to remove dead or diseased tree, or for failure to remove rubbish or debris from a Lot; the Owner shall be notified of such condition according to the provisions of SECTION 1.16. Such notice shall include: 1) a reasonable deadline date for performing said clean-up, and 2) a statement of what charges will be assessed by the Association for performing said service on behalf of the Association if not performed by the Owner prior to the deadline date. Said charges may include not only the actual costs of performing said services, but also any special charges assessed according to SECTION 4.03A and any billing fees required to collect said funds. The Owner specifically acknowledges that it is not the Association's primary job to maintain individual lots and that there is a great deal of time and energy required by the Board to protect the appearance of the Subdivision whenever an individual fails to maintain his Lot. For all more serious instances of non-compliance or lack of maintenance, the Association shall proceed as follows:

- B.** Upon finding by the Board of a deficiency in such maintenance or installation, the Board shall give registered Notice, as defined in SECTION 1.17, of deficiency to the owner which shall briefly describe the deficiency and set a date for hearing before the Board or a committee selected by the Board for such purpose. The Board may delegate its powers under this section to a duly appointed committee of the Association.
- C.** Such hearing shall be held not less than fifteen (15) nor more than thirty (30) days from the date of delivery of said notice.
- D.** Such hearing shall be conducted according to such reasonable rules and procedures as the Board shall adopt which shall provide the Owner with the right to present oral and written evidence and to confront and cross-examine any person offering at such hearing evidence adverse to such owner. If the Board or any such committee renders a decision against the owner, it shall further set a date by which the deficiency is to be corrected by the owner. A decision of such committee may be appealed to the Board, but a decision of the Board shall be final.
- E.** Should any such person fail to fulfill this duty and responsibility within such period, then the

Association, as a common expense to be paid out of the Maintenance Fund, acting through its authorized agent or agents shall have the right and power, but not duty, to enter onto the premises and perform such construction, work, care, or maintenance without any liability for damages for wrongful entry, trespass or otherwise to any person. The owners and occupants (including Lessees) of any part of the Subdivision on which such work is performed shall jointly and severally be liable for the cost of such work along with any fines set by the Association for failure of the Owner to comply, and shall promptly reimburse the Association for such cost. If such owner or occupant shall fail to reimburse the Association within thirty (30) days after delivery of a statement for such work from the Association, then said indebtedness shall be a debt of all of said persons jointly and severally, and shall constitute a lien against that homesite on which said work was performed. Such lien shall have the same attributes as the lien for assessments and special assessments set forth in ARTICLE IV above, which provisions are incorporated herein by reference, and the Association shall have identical powers and rights in all respects, including but not limited to the right of foreclosure. The rights herein shall be in addition to any or all of the rights provided in SECTION 12.04 of this Declaration.

ARTICLE X: COMMON PROPERTIES

These rules and regulations may include provisions to govern and control the use of such Common Areas and Facilities by guests or invitees of Members, including, without limitation, the number of guests or invitees who may use such Common Areas and Facilities, or any part thereof, at the same time. The Association shall also have the right to establish a "Guest Membership" for use of the Common Areas.

B. NORMAL BUSINESS FUNCTIONS: The right of the Association to carry on normal business functions according to the provisions of the Governing Documents.

C. SUSPENSION OF RIGHTS: The right of the Association to suspend the voting rights of a Member and his rights to use any recreational Common Areas during the period he is in default in excess of thirty (30) days in the payment of any assessment against his homesite or person and to suspend such rights for a period not to exceed sixty (60) days for any infractions of its published rules and regulations. The aforesaid rights of the Association shall not be exclusive, but shall be cumulative of and in addition to all other rights and remedies which the Association may have in this

ARTICLE XI: EASEMENTS AND RESERVES

SECTION 11.01 Existing or Platted: Declarant reserved the easements and right-of-way as shown on the Subdivision Plats for the purpose of constructing, maintaining, and repairing a system or systems of roads, drainage ways, electric lighting, electric power, communication and telephone line or lines, or any other utility Declarant sees fit to install in, across, and/or under the Subdivision. Natural gullies constitute a drainage easement. All dedications, limitations, restrictions and reservations shown on the Subdivision Plats and all grants and dedications of easements and related rights heretofore made by Declarant and Declarant's predecessors in title affecting the Subdivision are incorporated herein by reference and made a part of this Declaration for all purposes, as if fully set forth herein, and shall be construed as being adopted in each and every contract, deed or conveyance executed or to be executed by or on behalf of Declarant conveying any part of the Subdivision. There is hereby established a one (1) foot reserve around the perimeter of the Subdivision in favor of the Declarant, it being the intention of the Declarant that no homesite shall be used as access to or joined to any property not included within the Subdivision without the Declarant's express approval. Unless otherwise set forth herein, any easement reserved to the Declarant shall be a non-exclusive easement and may, at its option, be used for any or all purposes mentioned in this ARTICLE.

SECTION 11.02 UTILITY EASEMENTS:
All easements shown on the subdivision plat.

EXCEPTION: If one owner owns two adjacent lots and wants to build on the common homesite line, providing no utilities have been installed, then the Declarant and all utility companies waive the right to use such easement.

SECTION 11.03 Title to Improvements and Appurtenances Not Conveyed: Title to any homesite conveyed by Declarant by contract, deed, or other conveyance shall not be held or construed in any event to include the title to any improvements or appurtenances installed by Declarant or other entity providing any utility or service to the Subdivision, and the right to maintain, repair, sell or lease such appurtenances to any municipality or other governmental agency or to any public service corporation or to any other party is hereby expressly reserved to [OMITTED] the Association.

SECTION 11.04 Installation and Maintenance: There is hereby created an easement upon, across, over, and under all of the Subdivision for ingress and egress in connection with the completion of all development work by the Declarant or its agents and with the installation, replacement, and maintenance of all utilities, including, but not limited to, roadways, drainage ways, water,

telephones, electricity and appurtenances thereto. By virtue of this easement, it shall be expressly permissible for the utility companies and other entities supplying such service to install and maintain pipes, wires, conduits, service lines, or other utility facilities or appurtenances thereto, on, above, across, and under the Subdivision within the public utility easements from time to time existing and from service lines situated within such easements to the point of service on or in any structure. Notwithstanding anything contained in this paragraph, no sewer, electrical lines, water lines, or other utilities or appurtenances thereto may be installed or relocated on the Subdivision until approved by the Association's Board of Directors. The Declarant and the utility companies furnishing service shall have the right to remove all trees situated within or adjacent to the utility easements shown on the Subdivision Plats which would constitute a hindrance to the installation of such utilities, and to trim overhanging trees and shrubs located on portions of the Subdivision abutting such easements including any easements granted under SECTION 11.02 of this covenant.

SECTION 11.05 Emergency and Service Vehicles: An easement is hereby granted to all police, fire protection,

ambulance, and other emergency vehicles, and to garbage and trash collection vehicles and other service vehicles to enter upon the Subdivision in the performance of their duties. Further, an easement is hereby granted to the Association, its officers, agents, employees, and management personnel to enter the Subdivision to render any service provided for herein or to perform any of its functions.

SECTION 11.06 Surface Areas: The surface of easement areas for above ground or underground utility services may be crossed by driveways, walkways, and fences and used for planting of shrubbery, lawns, etc. subject to the approval of the utility companies furnishing services to the Subdivision. However, neither the Declarant nor any supplier of any utility or service using any easement area shall be liable to any Owner or to the Association for any damage done by them or their respective agents, employees, servants, or assigns, to any of the aforesaid vegetation or improvements as a result of any normal activity relating to the construction, maintenance, operation, or repair of any facility in any such easement area. All easements shall be kept clear of all other structures or buildings.
