IV. Entering Averages

1. Any bowler entering the MIC 2023 Tournament must establish a (10) ten-pin average acceptable to USBC. (Per USBC Rule 319)
2. The following rules shall be used to determine the entering average:
 - a. The 2022 – 2023 book average (minimum 21 games). If bowler competed in more than one league, the bowler MUST submit the COMPOSITE average of all leagues bowled that have at least 21 games.
 - b. If "a" is not available, use the 2023 final summer league average (minimum 21 games). If bowler competed in more than one league, the bowler MUST submit the COMPOSITE average of all leagues bowled that have at least 21 games.

- c. If neither “a” nor “b” is available, use the 2021 - 2022 book average (minimum 21 games). If bowler competed in more than one league, the bowler MUST submit the COMPOSITE average of all leagues bowled that have at least 21 games.
 - d. If neither “a”, “b” nor “c” is available, use the 2021 final summer league average (minimum 21 games). If bowler competed in more than one league, the bowler MUST submit the COMPOSITE average of all leagues bowled that have at least 21 games.
 - e. If neither “a”, “b”, “c” nor “d” is available, a current season league average (minimum 21 games) as of the deadline date for accepting entries will be accepted. Bowler will provide the highest league average recap sheet. Failure to provide the sheet results in Section IV(2)(g) being in effect.
 - f. Non-certified USBC bowlers, or bowlers who cannot meet any of the above scenarios, shall use a minimum of 130 and must submit all league averages and tournament scores (for the 12-months immediately preceding the entry cut-off date) for possible average adjustment.
 - g. If none of the scenarios above is applicable, then the entering average shall be equal to 230. USBC Rule 319a (2) does not apply.
 - h. The above averages MUST be verified using:
 - i) League standing sheet, signed, and dated by League Officer, or
 - ii) Letter from League President or Secretary, or
 - iii) Verifiable by use of IGBO database (TAD) or USBC database (Bowl.com), or
 - iv) Photocopy of book average (with year noted), signed and dated by League Officer.
 - i. Averages from “Sports Condition” leagues are not acceptable at any time.
3. The per-game handicap for the tournament shall be based at 90% of the difference between the bowler’s entering average (see Rule 16) and a scratch score of 230. Negative handicap will NOT apply.
 4. USBC rules regarding the BOWLER's responsibility to verify the accuracy of his/her entering average, whether submitted by the bowler, the team captain, or any other individual, applies to all bowlers. Failure to use proper average shall disqualify scores if the submitted average is lower than the actual average, thereby resulting in a lower classification for more handicap. Event placement and/or prize winnings shall be based on the higher average should the submitted average prove to be higher than the bowler's actual average. (USBC Rule Book, Rule 319)

V. Average Adjustment

1. The Tournament Directors have the authority to adjust the entering average of any bowler. Average adjustments will be applied as set forth under USBC rules. All average adjustments will be completed prior to the start of each event. A bowler unwilling to accept an average adjustment is entitled to a refund for that event.

2. As of the beginning date of the MIC 2023 Tournament, any bowler who has qualified for a cash prize of three hundred dollars (\$300 US) or more in any single event MUST report all positions, all amounts won, and all scores for the previous 12-month period to the Tournament Directors no later than at the time of registration for possible re-rating. Such re-rating must be done before the entrant bowls (in compliance with IGBO AND USBC rules). Failure to report this information shall result in AUTOMATIC disqualification and loss of all winnings. No refunds will be issued for bowlers disqualified.
3. If a bowler has a current tournament average (comprised of a minimum of 21 games bowled during the 12-months immediately preceding the official start date of this tournament) that is one or more pins higher than their Entering Average, the bowler must use the higher tournament average as their entering average. It is the bowler's responsibility to report ALL tournament scores that are relevant in calculating their current tournament average. Failure to report this information may result in AUTOMATIC disqualification and loss of all prize winnings; subject to tournament management discretion.

VI. Attendance and Substitutes

1. It is solely and entirely the bowler's responsibility to be present at the assigned lanes at the time of bowling. Each bowler shall have the total responsibility to arrive in time to bowl. Mechanical failures, transportation irregularities, improper directions and related reasons DO NOT alter the application of these rules (USBC rules will apply).
2. Incidents involving tournament-offered transportation and catastrophic events will be subject to Tournament Management discretion.
3. Complete doubles and team entrants must be present for bowling each event. If a team member is not present, the team may use an authorized substitute. If no substitute is available, a zero score will be used for the missing bowler or bowlers.
4. Late bowlers will begin bowling in the frame in which they are ready, with prior frames being scored as zero. No practice balls will be allowed to late bowlers.
5. Substitutes may bowl at the discretion of the Tournament Directors. Their entering averages must comply with the rules previously stated. Substitutes must complete an entry form. It is not the responsibility of tournament management to replace absent bowlers.
6. Bowlers will be allowed ten (10) minutes of practice before the start of singles, doubles and team events.
