

Pope Francis
Catholic Multi Academy Trust

Head of Governance

"Unity happens when we walk together"

Pope Francis

Welcome to Pope Francis Catholic Multi Academy Trust

Thank you for your interest in our Trust. We currently have four secondary schools (including an associate member) and four primary schools with a number of schools set to join the Trust this year.

We are at an exciting turning point in our development journey. The recent White Paper has provided clarity to schools across the country and reinforced the centrality of Trusts within our educational landscape. At the same time, the imminent launch of the Archdiocese of Liverpool's Academisation Strategy means that we will be growing significantly. This provides a real opportunity for our Trust to build its capacity and help our schools provide the best possible Catholic education for every child in every school.

Our Trust is committed to supporting schools to provide the best possible Catholic education which:

- Enables pupils to grow in their love of God and their neighbour in an environment rich in worship
- Recognises the uniqueness of each child by being highly inclusive
- Focuses on every child becoming a reader and confident with numbers
- Secures high attendance to enable all to flourish and secure high outcomes
- Has a well-qualified and motivated team of adults in which the unique contribution of each is recognised and that staff are developed professionally and empowered
- Is outward facing and a place where the joy of the Gospel is lived out
- Enables children to learn in safe, clean, warm and well-maintained buildings with modern ICT facilities
- Is in a financially robust position that is monitored carefully, thus ensuring limited resources have the highest impact for all

We have a distinct approach in trying to work towards this goal. We understand that each school is unique and has its own distinctive community to serve with its own priorities. At the same time, we are a Trust and being part of a Trust family will help bring about school improvement in so many different ways but especially by collaboration. Our model is not a transactional one or one of entitlement but one of accompaniment, support and challenge within a family of schools.

Warm regards

Andrew Dawson
CEO

Our mission and values

“Unity happens when we walk together.”

Pope Francis

Inspired by the Gospel and the teachings of Pope Francis, we are united in our mission to provide the very best Catholic education that encourages every person to strive, achieve and flourish, mindful of the needs of others, with no one left behind.

Our values, inspired by Pope Francis’ ministry and responding to the needs of those who we serve in our schools, are our way of working, learning, serving, and being. They inform our decisions, and guide us in our actions. They are our starting point for our future and our reflections on our past.

Joy

We believe that Christian joy flows from knowing we are loved by God.

Joy shapes our schools and our Trust as places of hope, excellence, celebration and encouragement, where learning is meaningful and pupils find joy in doing their best and achieving.

Mercy

We place compassion at the heart of our communities.

Guided by mercy, we respond with forgiveness, restoration and understanding, always believing in the God-given potential for growth and change in all people.

Service

We are called to serve others with humility and generosity. Through servant leadership, we put the needs of children, families and communities first, forming young people who use their gifts for the good of others.

Dignity

Every person is made in the image and likeness of God and has inherent worth and unique gifts. We honour dignity by welcoming all, listening deeply, and ensuring that everyone knows they are valued, included, and supported to flourish.

Solidarity

We are many parts, one body. We work together for the common good, standing alongside one another - especially the vulnerable - acting with unity, responsibility and shared purpose to achieve our goals.

Stronger schools and better outcomes

By joining Pope Francis in this role, you will help to drive and lead a Trust that is already starting to have impact - but we are excited by the fact that we can achieve more.

In the last 12 months we have started to see real progress and momentum:

Primary School Improvement

Building on momentum and strengthening consistency

Our primary improvement strategy continues to gather pace, with collaborative networks, evidence informed practice, and strong cross school support driving outcomes. This year's priorities focus on embedding excellence in core curriculum areas and deepening our collaborative infrastructure.

What we are doing to enhance primary outcomes:

- Building on Trust wide gains in maths through daily retrieval practice and shared pedagogy.
- Rolling out targeted Reading intervention training across all schools.
- Developing schools as future host hubs to share specialist expertise (e.g., early years, reading).
- Establishing an Early Years Hub to support high quality early development.

"Thanks to our partnership with the Trust, we are starting to see real and tangible impacts across outcomes at all levels of our school. Our high aspirations are becoming a reality."

Secondary School Improvement

A clearer, more codified model of challenge and support

Our aim is to ensure every secondary school benefits from informed, structured and accountable support, enabling leaders to drive improvements with clarity and confidence.

What we are doing to enhance secondary improvement:

- Weekly visits to each school with a clear, priority driven agenda.
- Half termly accountability meetings with the CEO.
- Termly academy review meetings following a structured Standards Improvement (SI) model.
- A robust QA process that reflects the evolving Ofsted framework.
- A strengthened appraisal process that combines celebration, challenge, and tailored development targets.
- Strong SEND leadership and support
- Introduction of a Head of Secondary School Improvement, a Head of Teaching and Learning and Foundational Literacy and a Head of Mathematics and Foundational Numeracy to support learning and outcomes

Driving outcomes through teaching & learning

Creating a shared model of excellence

We continue to embed a shared Trust approach to teaching and learning - one that is high challenge, evidence informed and rooted in strong subject expertise.

What we are doing to raise outcomes

- Collective work on maths, science, English and RE curriculum development.
- A strengthened RAG culture where progress, prediction accuracy and next steps are regularly reviewed.
- Establishing professional learning communities in all core subject areas.
- Consistent Teaching & Learning frameworks implemented and adapted appropriately by each school.
- Developing coaching programmes and layered CPD (whole school, departmental and individual).

Inspiring enrichment opportunities

We are committed to offering a wide, exciting mix of co-curricular and enrichment experiences for all children in our schools.

During the past academic year, students of all ages have enjoyed activities such as inspiring author visits, theatrical performances and international adventures. A vibrant range of clubs and events have also been on offer - deepening learning and encouraging new interests.

We also host a range of cross-Trust curricular and enrichment events which bring together our schools, creating opportunities for us all to learn and celebrate together.
