

Customer's Guide to COLORS

Color Choices by Material - PLA, PETG, ASA, ABS, & Resin

At 3D-BG.com, we strive to create quality products that function well and look great. **Color** is one thing to consider for your project.

What **Color** is right for you?

There are numerous colors available for each type of material. After selecting your material, select the color(s) that you want to use for your project. If you don't see a color choice in our menu, just include a link or description and select "Custom Color" on your order.
