

Greetings

Artfulgrrrly art pop up has relocated based now in the African Caribbean Cultural Centre at 6 Thorpe Close W10 or the heart of Ladbroke Grove which it clearly is! Black History Month was celebrated with the vibrant bold and emotive abstract strokes of [Venetta Nicole](#). It was a huge success and the air of unfinished business was tangible long after the doudoup steel drum had stopped vibrating!

The flow of **Supermalt 'Wray' and Nephew** in a **Portobello Shack** Rum Punch or a tot in a speciality **Dalgety Herbal Tea** for every client proved to be a huge success so the ancestors kept on blessing us with every splash to the floor we remembered them by. Several visitors came back to rave about their dining experiences with partners **Undr** and at **The Shack** so the family affair was well and truly set.

Hence **Venetta Nicole** has readily agreed to return for our next pop up with gorgeous fine art prints and exciting works on paper - I think! This lady is a force and the direction is always open to change.

Joining her will be **Rohan Clarke** aka [Uptown Yardie](#), What can this creative soul not produce? Presently designing bespoke unisex Crowns (headwear) much copied the world over at his studio in North London. He can be spotted a mile off supporting and photographing events for fellow talented creatives.

Embracing unique opportunities to 'uptown style' individuals and collaborate with celebrities and brands on the same cutting edged page. He will honour us with his very personal collection of fine art drawings some of which have been reproduced to top quality for sale.

[Carl Gabriel](#) better known as our local wire bender and carnival masquerade sculptor responsible for giving the Tabernacle at Powis Square even more presence and welcome. It's fair to say that everyone likely has a favourite

interior or exterior figurative creation. (The reader for me) I suggested to **Carl** that his sculptures would make amazing 2d fine art prints and that is what we are setting out to do.

Alex Coley a photographer he has paired up professionally with before undertook the shoot just this week so If all goes according to plan the result should be there to witness. But I shan't spill the black eyed beans in full just yet.....

So pull up pass thru and do not walk on by, come on in be welcomed have a chat and a genuine connection. Maybe a sip of somethin somethin will be available too!

Meet the artists and take away an affordable piece of unique artwork at our festive season pop up. Created by a group of talented artists from near and further afield :)

Partnerships:

[Supermalt](#)

[Wray & Nephew UK](#)

[Dalgety Herbal Teas](#)

[Portobello Shack](#)

[UNDR](#)

[African Caribbean Cultural Centre](#)
