Bio Needling

Bio MicroNeedling a pure, chemical free skincare procedure that is a natural needling procedure which encourages the skin cells to turn over & shed in 7 days.

It involves using tiny, natural freshwater sponge spicules to exfoliate the skin and stimulate collagen production. During the treatment, the spicules are applied to the skin in a gentle, massaging motion, helping to slough off dead skin cells and improve skin texture over the next 7 days.

Bio Microneedling treatments leave the skin healthier, more smooth & radiant, with minimal downtime.

Peels

Elaine Brennan

The Elaine Brennan Skin Renewal System is especially beneficial for treating: Superficial facial lines, fine wrinkling around the eyes, Blemishes and superficial scarring. Dryness, Sensitivity, Psoriasis and Rosacea. Acne, Oiliness, Blackhead, Closed Comedones (Whiteheads) and Rough Skin. Pigmentation marks and special technique allows for the removal of freckles. Sun damage and Poor Quality Skin.

The System consists of a peeling formulation that has carefully researched, developed, tried & tested.

It is based on Resorcinol & Salicylic Acid compounded in special non-penetrating base ingredients.

Layers of dead skin cells are exfoliated in a safe & controlled way and are replaced with skin that is more supple, elastic and firmer with a smoother texture and stable moisture balance.

The system has 2 peels, and can both be done on any skin type, any skin condition and any skin colour.

Hydra Facial

One of the most unique and innovative facials available today is the Hydrafacial. Using a special pen-like device to rejuvenate and resurface the skin, the Hydrafacial procedure has incredible benefits for creating a luminous-looking complexion. Following cleansing and exfoliation, the skin is infused with active serums and ingredients that promote hydration, brightening, and more soft, supple skin.

Older machines can only offer micro-dermabrasion or hydro-dermabrasion, separately.

Our machine is the hybrid, offering a far superior treatment with superior results.

Following cleansing and exfoliation, the skin is infused with active serums and ingredients that promote hydration, brightening, and more soft, supple skin.

We recommend this service for just about all skin types and it is especially beneficial for dry, dull, or struggling skin. We recommend you receive a facial once a month for best results.
