

A thermally efficient range of doors ideally suited to the residential, light commercial & social housing markets.

The Hallmark collection of Aluminium Doors are manufactured to provide high performance solutions for today's specification demands. Utilising SMART Alitherm aesthetic 70mm Ovolo profile, they deliver superior thermal performance and great looks.

- Alitherm is a high specification, thermally broken residential door system suitable for both replacement doors into existing buildings and for installation in new build environments.
- The System incorporates internally beaded sashes.
- Sashes are locked by Winkhaus multi-point locks.
- A range of low and standard thresholds available.
- Side and top light configurations.
- Bespoke RAL Colours available matching frames, sashes and panels.

HALLMARK PANELS & DOORS

A thermally efficient range of doors ideally suited to the residential, light commercial & social housing markets.

Hallmark's Aluminium Doors utilise Smart Alitherm door profile designed to provide superior performance solutions for today's specification demands.

Our Aluminium doors perform well against the rigours of the Great British weather, reducing draughts and providing excellent weather proofing. This enables the doors to maintain their high performance even in the most extreme locations.

Security concerns are alleviated by the use of the superbly engineered and 'Secured by Design' approved Winkhaus Key-Wind Lock - a multi-point locking mechanism allowing our doors to exceed the requirements of PAS 24 (Enhanced Security).

To complete the collection, the Alitherm Door range is available with various threshold and cill options including low-rise for compliance with the Disability Discrimination Act (DDA).

PANELS & DOORS

PROFESSIONALS IN GLASS

Door designs are enhanced through a vibrant and distinctive range of crisp, clean line **Sandblasted Glass** designs and as well as from a selection of stunning 3 dimensional textured **Fusion Glass Tile** designs.

TRIPLE GLAZED

Added Security
Added Efficiency

For added comfort and peace of mind **triple glazed** units are available on all doors as an extra

© Hallmark Panels Limited 2016 - Due to the limitations in photographic and printing processes, actual door and glass colours may vary from those illustrated in this brochure and should be used for guidance purposes only.
