## We Need Your Support!

Support from citizens like you makes it possible

IT STARTS WITH YOU.  
IT STAYS WITH HIM.

for the Alpha Foundation to provide programs that address the unique educational challenges and social needs of deserving underserved male students in the Sarasota/Manatee communities.

Since its inception in 2001, the Alpha Foundation has addressed the issues of low grade point averages, poor performance on standardized tests, higher than normal dropout rates, conflict resolution, character development and a failure of many minority males to graduate from high school. This is only possible because of thoughtful contributions from people like you. This year's golfing event will allow us to continue to provide college scholarships, college tours and mentoring programs for **deserving young men.**
