

Thank You!!!
From Youth Rally
2015

Dear Sponsor,

Thank you for helping me get to youth rally this year. This is my fifth time coming to this camp and it gets better every year. I've met three new campers this year and now we're good friends. I always learn some thing new about my diagnosis and my friends diagnosis's. I went to an amusement park and rode almost all of the rides, we were joking around because the ride went under maintenance every time we got close. Rally is a great place to be at and I cant wait to come next year!

Sincerely,

Kyle Sapp, age 14
