

San Francisco – March 19, 2020 – **COVID-19 Prayer and Ministry Specials on the Total Living Network**

The Total Living Network will broadcast multiple ministry specials addressing the COVID-19 pandemic in the coming weeks. At a time when physical contact is limited to avoid the spread of the virus, the faith community can come together in impactful spiritual unity. TLN is working to create such an opportunity.

As the Coronavirus pandemic has grown, so has TLNWest's commitment to be there for our viewers with biblical teaching and spiritual comfort. Beginning on March 23, TLN will air new timely COVID-19 Prayer and Ministry specials every weekday at 3:30pm CT/1:30pm PT. Local pastors and faith leaders will join our host, Greg Bogdan, COO of Total Living Network, with messages of encouragement and a focus on related topics each day. Viewers are encouraged to participate in a daily time of prayer for strength, protection and events of the day relating to our country and the world. TLNWest was founded on prayer and we continue to believe in its power and God's provision through prayer.

The Total Living Network has centered on addressing the Coronavirus pandemic on-air and its Facebook pages (TLN Chicagoland and TLNWest) from a biblical perspective featuring TLN Chairman Jerry K. Rose, President/CEO Debra Fraser and Greg Bogdan, as well as Pastor Titus Lee from Southside Worship Center and Reverend Alvin Bibbs Sr., CEO of the Justice Journey Alliance. TLN's goal is to unite and strengthen the Christian community while encouraging faith and interactive prayer within the US and abroad.

As the COVID 19 Prayer and Ministry specials begin on March 23, other pastors and faith leaders will join Mr. Bogdan with additional messages of hope, including Dr. Erwin W. Lutzer, Pastor Emeritus from Moody Church, Pastor Paco Amador from New Life Community Church/Little Village, Senior Pastor and Worship Leader Phil Tarver from United Faith Center Ministries International, Dr. Julius Wong Loi Sing from Hickory Creek Community Church, Pastor Sorin Sabou from El Roi Romanian Baptist Church, Senior Pastor Pat Peglow from Moraine Valley Church, and others.

"In this way, we are fulfilling God's calling as a media ministry by guiding our viewers through this pandemic and joining them in prayer for their needs and concerns," said Mr. Bogdan. *"We'll also be giving praise as we hear stories of God's provision and evidences of His love at this challenging time in our world."*

The Total Living Network's CareForce can be reached in several ways: prayer volunteers will receive prayer requests at 888.235.9907. Prayer requests and praise reports can also be emailed to CareForce@TLN.com, submitted online to www.tln.com/careforce-request/ or sent via text to prayer@tln.com at any time. In addition, individuals can let us know what they're doing to combat the virus and stay spiritually encouraged during this time!

Total Living Network is a Christian broadcaster focused on spreading the gospel message through media. Our mission has remained consistent for over 40 years now: Direct people to Christ and address life's concerns through media. We provide hope, encouragement and a safe place for families to be entertained and programming to impact those seeking Jesus Christ and a new way of life. Go to www.TLN.com and www.TLNWest.tv for ways to watch.
